Parkington Luxury	Portico Estates	Quail Creek
Remington Court	Six G's	Stonebrook
Tanglewood	Twin Oaks	Wisteria Manor

Due to the loss in power caused by Hurricane Zeta on October 28, 2020, both the Briarwood Terrace Water System and Meadow Lake Water System experienced low water pressure. Out of an abundance of caution and in accordance with the Louisiana Department of Health regulations, a precautionary boil advisory is in place for all Tammany Utilities customers in these systems.

This BOIL ADVISORY is to remain in effect until rescinded by Tammany Utilities. It is recommended that all consumers disinfect their water before consuming it (including fountain drinks), making ice, brushing teeth, or using it for food preparation or rinsing of foods by the following means:

Boil water for one (1) *full* minute in a clean container. The one minute starts after the water has been brought to a rolling boil. (The flat taste can be eliminated by shaking the water in a clean bottle, pouring it from one clean container to another, or by adding a small pinch of salt to each quart of water that is boiled.)

Again, please be sure to disinfect your own water prior to consumption until you have been advised otherwise.

Tammany Utilities will rescind this Boil Advisory upon notification from the Louisiana Department of Health - Office of Public Health that additional water samples collected from our water supply system have shown our water to be safe.

- STAR Transit will not operate today.
- **These facilities remain closed as damage assessments continue:**
 - **Camp Salmen Nature park, located at 35122 Parish Pkwy, Slidell, LA 70460**
 - **The Tammany Trace**
 - **The St. Tammany Fishing Pier located at 54001 E Howze Beach Rd, Slidell, LA 70461**
