AGENDA
ST. TAMMANY PARISH BOARD OF ADJUSTMENT MEETING
TUESDAY, SEPTEMBER 2, 2014 - 3:00 P.M.
ST. TAMMANY PARISH GOVERNMENT COMPLEX BUILDING
21490 KOOP DRIVE, PARISH COUNCIL CHAMBERS
MANDEVILLE, LOUISIANA

CALL TO ORDER

ROLL CALL

APPROVAL OF THE AUGUST 5, 2014 MINUTES

PUBLIC HEARINGS

BOA CASE NO. 14-09-028
Request by applicant for variances for the reduction of some perimeter landscaping and planting buffer requirements in a HC-2 Highway Commercial zoning district. The property is located at 203 Florida Street, Mandeville, Louisiana.
Applicant: Pelican Pointe Carwash

BOA CASE NO. 14-09-029
Request by applicant for a variance of a side yard landscaping and planting buffer requirement in an I-2 Industrial zoning district from 10' required to approximately 8' requested. The property is located at 242 & 246 General Patton Avenue, Covington, Louisiana.
Applicant: I FOR Properties, L.L.C./Blanchard & Sons, L.L.C.

BOA CASE NO. 14-09-030
Request by applicant for a variance of a north street side landscaping and planting buffer requirement in a HC-3 Highway Commercial zoning district from 20' required to approximately 15' requested. The property is located at 1412 N. Highway 190, Covington, Louisiana.
Applicant: Frank Nuccio

ADJOURNMENT
MINUTES
ST. TAMMANY PARISH BOARD OF ADJUSTMENTS MEETING
3:00 PM - TUESDAY, AUGUST 5, 2014
LA HIGHWAY 59/KOOP DRIVE ADMINISTRATIVE COMPLEX BUILDING
MANDEVILLE, LOUISIANA

The August 5, 2014 meeting of the St. Tammany Parish Board of Adjustments was called to order by the Chairman, Mr. Tim Fandal.

The roll was called as follows:

PRESENT: Mr. Fandal, Mr. Brookter, Mr. Gordon, Mr. Ballantine and Mr. Perry

ABSENT: Mr. Schneider

STAFF PRESENT: Mr. Keller

APPROVAL OF THE MINUTES

Moved by Mr. Ballantine and seconded by Mr. Brookter to accept the July 1, 2014 minutes as typed and delivered.

MOTION CARRIED UNANIMOUSLY

BOA CASE NO. 14-08-022
Request by applicant for a variance in a HC-2 Highway Commercial zoning district in order to relocate trees from a side yard buffer to another area on the property.
Applicant: Liberty Storage

(Mr. Keller read the staff report into the record...)

Mr. Jeff Schoen with the Jones Fussell law firm, P.O. Box 1810, Covington, LA, appeared on behalf of the petitioner and made the following initial comments:

• Mr. Keller summed up our request and I’m here to answer any questions if I can.

Moved by Mr. Ballantine and seconded by Mr. Brookter to approve the variance request as requested.

MOTION CARRIED UNANIMOUSLY

BOA CASE NO. 14-08-023
Request by applicant for a variance in a HC-1 Highway Commercial zoning district for the elimination of the south side buffer and plantings and a portion of the west side buffer.
Applicant: Zoomtech Automotive
Mr. Bret Gioe and Keith Moffett appeared and made the following initial comments:

- We are just trying to get some parking for our business.
- We're using the site where a building burned down.
- It's impractical for us to plant in this location.

Mr. Ballantine: Do you have a letter from Mr. Rabin (next door neighbor)?

Mr. Moffett: No.

Mr. Gioe: We will plant the other plants that are required elsewhere on the property.

Moved by Mr. Ballantine and seconded by Mr. Brookter to approve the variances subject to the applicant planting the total required number of trees elsewhere on the property.

MOTION CARRIED UNANIMOUSLY

BOA CASE NO. 14-08-024
Request by applicant for a variance in an A-2 Suburban zoning district for the height of an accessory structure from approximately 15' permitted to 22.5' requested.

Applicant: David W. Gauthier

The applicant appeared on his own behalf and made the following initial comments:

- I have a neighbor here who does not have any objection to my request.
- I still have a way to go to finish the structure.

Mr. Gordon: So you built without a permit?

Mr. Gauthier: I asked my builder about it and he said that everything was fine and no permit was needed for structures under 1000 square feet in area. My builder mislead me and I ask for mercy.

Mr. Brookter: This is “after the fact” and you need to get a permit.

Mr. Gauthier: Yes.

(Mr. Clint Bravo, 75397 River Road, Covington, LA appeared on behalf of the applicant in
support of the variance request.)

Mr. Ballantine: How do you build and not know that you needed a permit?

Mr. Gordon: Your contractor needs to be reported to the licensing board.

Mr. Gauthier: I will definitely get a licensed contractor to finish the job.

(The board “huddled” and deliberated in open forum to discuss the merits of the variance request...)  

Moved by Mr. Ballantine and seconded by Mr. Gordon the grant the variance subject to the applicant filing for a building permit and complying with all parish requirements.

MOTION CARRIED UNANIMOUSLY

BOA CASE NO. 14-08-025
Request by applicant for a variance in an A-4 Suburban zoning district for a side yard setback requirement or a residence from 10' required to approximately 5' 2" requested.
Applicant: Ken Bower

(Mr. Keller read the staff report into the record...)

Mr. Gordon: There are certain circumstances where we can grant variances and this is exactly a good reason to grant a variance.

Moved by Mr. Gordon and seconded by Mr. Brookter to grant the variance as requested.

MOTION CARRIED UNANIMOUSLY

BOA CASE NO. 14-08-026
Request by applicant for a variance in an A-4 Suburban zoning district for a front yard setback requirement for a residence from 30' required to approximately 25' requested
Applicant: Stephen Ploue Construction

(Mr. Keller read the staff report into the record...)

The applicant appeared on his own behalf and made the following initial comments:

Mr. Ballantine: This lot is in the beginning of a cul-du-sac so the house would not look that odd.

Moved by Mr. Ballantine and seconded by Mr. Brookter to approve the variance as requested.

MOTION CARRIED UNANIMOUSLY

Page -3-
BOA CASE NO. 14-08-027
Request by applicant for a variances in a HC-2 Highway Commercial zoning district for either and/or the elimination, relocation or shifting of interior landscape buffers and plantings.
Applicant: BCS, L.L.C.

(Mr. Keller read the staff report into the record...)

Mr. Jeff Schoen with the Jones Fussell law firm, P.O. Box 1810, Covington, LA, appeared on behalf of the petitioner and made the following initial comments:

- Mr. Keller summed up our request and we are in agreement with his staff comments.

Mr. Ballantine: is this the Madisonville Market Place?

Mr. Schoen: No, this is the property right next door to the south of that development.

Moved by Mr. Ballantine and seconded by Mr. Brookter to grant the variances requested subject to staff comments.

MOTION CARRIED UNANIMOUSLY

ST. TAMMANY PARISH BOARD OF ADJUSTMENT
STAFF ANALYSIS REPORT

Case File Number: BOA Case No. 14-09-028
Initial Hearing Date: September 2, 2014
Date of Report: August 22, 2014

GENERAL INFORMATION

Applicant(s) Name: Pelican Pointe Carwash
Location of Property: 203 Florida Street, Mandeville, Louisiana
Zoning of Property: HC-2 Highway Commercial
Variance(s) Requested: Landscape and planting buffers

OVERVIEW

The applicant is asking for variances of landscape and planting buffers in order to fit a carwash on the property in question. The applicant is claiming a hardship (see narrative attached) due to the fact that some of his property has been expropriated by the State for right-of-way purposes on both sides of his frontages (LA Highway 190 & LA Highway 59).

STAFF COMMENTS

Although a portion of the property has been expropriated by the State, the fact remains that the property, being .69 acres in size, is still large enough to support several other types of businesses on the commercial property. Perhaps the applicant should seek alternative properties that can adequately support a carwash business, or try to reduce the imprint of the site on the property in order to comply with parish code.

Therefore, for the reasons as stated above, the staff does not support the variances requested.

(Please state on the following lines below your specific request for a variance/appeal:)

Example: Applicant is requesting a variance for a front yard setback requirement from 25' required by the parish, to approximately 20' requested.

(See narrative attached)

__________________________________________

SIGNATURE OF APPLICANT 8/4/14

DATE OF APPLICATION
August 4, 2014

Members of the Board,

The following hardship is due to the states widening of the roadways of Gerard Street and Florida Street. As a result of the widening; this parcel of land lost approximately 20’ in depth on the (south) Florida Street side, approximately 21’ in width on the Gerard Street side and the square corner is now on an angle.

In an effort to meet all parish criteria, applicants have looked at many options for this project with the minimum effect on the corner of Gerard Street and Florida Street. Applicants have used the minimum size building; driveways and parking spaces allowed and have incorporated 2266 sq. ft. of green space on the interior, and an additional 5446 sq. ft. of green space in the right of way. Applicants are in need of the following three variances:

1. Applicant is requesting a variance for a (north) rear building set back requirement from 10’ required by the parish, to approximately 3’ requested.

   Applicant’s request to move the building back is to accommodate the necessary parking spaces, driveways and turning radii. As a concession to the request, applicant has increased green space at the rear of the building, east towards Gerard Street; in an effort to beautify that corner, which is the most visible to the public. Behind the building, there is an existing driveway that leads from Gerard Street to McDonalds and an unmaintained ditch full of overgrown weeds, which will be landscaped, sodded, and meticulously maintained.

2. Applicant is requesting a variance for a (west) side landscape buffer requirement of 10’ required by the parish, to approximately 6’ requested.

   Applicant’s request for a 6’ landscape buffer on the west side adjacent to McDonalds is to meet the minimum required turning radius and driveway existing the building. Request is also in an effort to minimize the impact on the (east) Gerard Street side, and maintain that 20’ setback on the more visible side to the public. The applicant has also increased the more visible 20’ setback to 20’ 11”.

3. Applicant is requesting a variance for a (south) front landscape buffer requirement of 20’ required by the parish, to approximately 11’ 4” requested.

   Applicant’s request for the front 11’ 4” landscape buffer on the south side is to meet the minimum requirements for necessary parking spaces, driveways, turning radii and interior green spaces. As a concession to this request, applicant is removing 3 existing driveways and replacing them with new landscape and sod which will increase the total square footage of green space and have a more substantial beautification impact on the entire corner.
Applicants are willing to donate to the tree bank for any additional trees that may not fit into the green spaces. Applicants would also like to thank you for your time and consideration to the three mentioned requests.

Sincerely,

Pelican Pointe Carwash

STAFF ANALYSIS REPORT

Case File Number: BOA Case No. 14-09-029
Initial Hearing Date: September 2, 2014
Date of Report: August 22, 2014

GENERAL INFORMATION
Applicant(s) Name: I For Properties, L.L.C.
Location of Property: 246 General Patton Avenue, Covington, Louisiana
Zoning of Property: I-2 Industrial
Variance(s) Requested: Northern side yard landscape buffer setback

OVERVIEW
The applicant is asking for a variance for the existing building located on lots 26 and 27, and for the future extension of said building along the northern side yard side of lot 15, to the rear of the existing side, of approximately 8' in order to maintain consistency and fluidity with the building alignment along said side yard (see narrative attached).

STAFF COMMENTS
It appears that the parish did indeed issue a permit for the existing building with approximately an 8' to 9' side yard setback. Therefore, the staff has no objections to the variance request for lot 26 due to said fact. Furthermore, the staff has also has no objection to the extension of said building and setback request for lot 15 due to the fact that the approximate 2' variance request is negligible in terms of impact to the adjacent property. And we are assuming that the applicant should have no trouble in providing the required number of plantings with the buffer area.

Re: Variance Request  
Lots 26 and 15, Northshore Commercial Park

Dear Ron:

The purpose of this letter is to further explain the facts and circumstances surrounding this request. First, it is important to note that as is identified on the attached survey, a very high-end office/warehouse has been constructed on Lot 26. At this time, Lot 15 is vacant. Both parcels are located in Northshore Commercial Park, which is an industrial development located off of Marshall Road. Blanchard & Sons, L.L.C. has all of the properties subject to this variance request under contract and intends to purchase the properties if we are successful in achieving the variance requested.

By way of background, in 2009, I FOR Properties, L.L.C. contracted with Kent Construction to build a 42,000 square foot office and warehouse on Lots 26 and 27. As you may recall, during this time, the Parish was in the process of converting from Zoning Ordinance No. 523 to the Unified Development Code. This conversion seems to be the genesis of the problem that gives rise to this variance request. By the time, the building was completed, the Parish issued a Certificate of Occupancy and the building has been in use since 2010.
Several weeks ago, as part of the due diligence for Blanchard & Sons, L.L.C. acquisition of the properties, a survey was performed which indicated that the building on Lot 26 is 8.9 feet from the side property line. Upon investigation, we have now determined that the requisite setback is 10 feet, thus resulting in an inadvertent encroachment. While I am convinced that all parties involved in this matter conducted themselves in good faith, and that this encroachment was merely an error resulting from the transition from Ordinance No. 523 to the Unified Development Code, nonetheless the encroachment exists which creates a problem with financing the acquisition and ultimate enlargement of the building. It is for this reason that the variance request is being made with regards to Lot 26.

In regards to Lot 15, the purchaser intends to resubdivide all these lots and to extend the existing building onto what is now Lot 15 and for that reason we are asking that the setbacks (for Lot 26 and Lot 15) be consistent. If the setbacks are not consistent, this will require a “jog” in the location of the north wall of the building which will create aesthetic concerns as well as the practical and efficient use of the warehouse space.

We would respectfully suggest that granting the variance in this matter, which is quite minimal, will not have a negative or adverse impact on any adjacent property owner. In fact, we have submitted a letter from the adjacent property owner stating that they have no objection to the granting of the variance. I would also point out that when this industrial park was approved, the side setback line was, in fact, only 5 feet. Therefore, even with the variance, we have a side setback that will be 3 feet larger than that which was required at the time the development as approved. Finally, for the foregoing reasons and the convergence of these unusual circumstances, I would suggest that if the Board were to grant this request it would not set a precedent going forward. This case is quite unique and is clearly distinguishable on its facts.

In this case, I would respectfully suggest the errors were made by all involved. This includes the architect (believing Ordinance No. 523 was still in effect and drawing plans with a 5 foot side setback), the builder (for not revising the setback should be 10 feet) and the Parish (for issuing a building permit and certificate of occupancy without the appropriate setback). As mentioned above, I believe that all were acting in good faith but the encroachment exists nonetheless. I would submit that these errors can be corrected by the granting of the variance requested.

Thank you for your assistance in processing this matter and should you have any questions regarding our request, please do not hesitate to contact me.

Sincerely,

[Signature]

Re: Variance Request
Lots 26 and 15

Dear Mr. Keller:

Please be advised that I am a member of Hi-Rollers Investment, L.L.C., which is the record owner of Lot 15, 16 and 25, in Northshore Commercial Park. Currently there is a variance request pending on behalf of I FOR Properties, L.L.C. and Blanchard & Sons, L.L.C. which would reduce the side setback line on Lots 26 and 15 from 10 feet to 8 feet. Hi-Rollers Investment, L.L.C. owns the adjacent parcels and has no objection whatsoever to the variance requested.

Should you have any questions regarding this matter, please do not hesitate to contact me.

Sincerely,

Hi-Rollers Investment, L.L.C.

ST. TAMMANY PARISH BOARD OF ADJUSTMENT
STAFF ANALYSIS REPORT

Case File Number: BOA Case No. 14-09-030
Initial Hearing Date: September 2, 2014
Date of Report: August 22, 2014

GENERAL INFORMATION

Applicant(s) Name: Frank Nuccio
Location of Property: 1412 N. Highway 190, Covington, Louisiana
Zoning of Property: HC-3 Highway Commercial
Variance(s) Requested: Northern landscape buffer

OVERVIEW

The applicant is asking for a 5’ landscape buffer variance for the northern property line in order to construct a Smoothie King business on the site. In the applicant’s narrative (see attached) he states that he has the ability to comply with parish code for the setback in question, but wants to use the 5’ for wider driving lanes.

STAFF COMMENTS

The applicant has clearly stated in his narrative that he can comply with parish code, but wants to expand his driveway widths for the benefit of the customers. The staff argues that this is a classic example of a “personal preference” versus a “hardship”. Parish code that requires a 22' wide driveway width is more than adequate to safely allow for the maneuvering of vehicles on the property; therefore, the staff recommends denial of the proposed variance request based on the grounds that said request constitutes a “personal preference”.

SIGNATURE OF APPLICANT DATE OF APPLICATION
Dear Mr. Keller,

My client, Frank Nuccio a local Smoothie King franchisee currently has the Lawn and Saw shop under contract. The property is being demolished and cleared by the current owner. Frank Nuccio’s plans are to construct a Smoothie King Facility as per the attached layout.

The current drive ways are to parish minimums of 22’...however Smoothie King and my client would prefer to have a minimum of 24’ for the two drives. This will provide the adequate drive lanes for parking customers to maneuver on the property to include turning around the building in the drive thru.

In order to accommodate this, we are requesting to reduce the northern property line landscaping setback from 20’ to 15’.

Also, the northern boundary is located adjacent to an undeveloped street, known as 13th street. If this street right of way was not existent the setback would be 10’. The reduction of the 5’ still allows for proper planting of green space and it will greatly enhance the drivers maneuvering within the property.

Please consider this variance request for approval.

Thank you,

In Christ Jesus.
