GENERAL LOCATION:  The property is located at the far western end of N. Galloway Road, north of Covington, Louisiana.

NUMBER OF LOTS/PARCELS:  5
TYPICAL LOT SIZE:  13+ acres

ZONING:  A-1 Suburban

REASONS FOR PUBLIC HEARING:  More than one parcel is being accessed by a private drive.

STAFF COMMENTARY:

**Department of Development - Planning**

The owner is proposing to create five (5) parcels from one (1) 60.98 acre parent parcel. Furthermore, a private drive is required to be constructed to parish standards pursuant to Section 40-045.01 Minimum Standards for a Private Drive of Subdivision Regulatory Ordinance No. 499 in order to access four of the proposed parcels. Therefore, the staff has no objections to the proposed minor subdivision request subject to the following stipulations:

a.) A cul-du-sac or some type of turnaround acceptable to the engineering department must be provided at the northern end of the private drive.

b.) The proposed name of the private drive “Queenie Lane” must be depicted on the survey plat.

TYPE OF DEVELOPMENT: ___ SUBURBAN (Residential acreage between 1-5 acres)  
___ RURAL (Low density residential 5 acres or more)  
___ OTHER (PUD, Multi-family, commercial or industrial)

GENERAL LOCATION: The property is located on the south side of Crestwood Boulevard and east of U.S. Highway 190, south of Covington, Louisiana.

SURROUNDING LAND USES: Medical, Institutional and Single Family Residential

TOTAL ACRES IN DEVELOPMENT: 5.3 acres

NUMBER OF LOTS/PARCELS: 3  
TYPICAL LOT SIZE: 1 - 3 acres

ZONING: MD-2 Medical Clinic District

REASONS FOR PUBLIC HEARING: Two of the lots do not meet the one (1) acre minimum and parcel 3-C is a part of an existing minor subdivision.

STAFF COMMENTARY:

Department of Development - Planning

The owner is proposing to create three (3) tracts from Tract 3-C which is a tract in an existing minor subdivision of record. Two of the proposed tracts (3-C-1 & 3-C-2) do not meet the minimum lot size requirement of one (1) acre for a minor subdivision; however it should be noted that the parcel is zoned MD-2 Medical Clinic District which would normally permit parcels of less than one (1) acre in size if not for having to comply with the minor subdivision one (1) acre requirement

Therefore, since a waiver of the regulations are required in order to approve this minor subdivision request relative to the lot size issue, a 2/3rds majority vote of the full membership of the commission (8 members) is needed to approve pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision Regulatory Ordinance No. 499.

RESUBDIVISION STAFF ANALYSIS REPORT

CASE FILE NO: 2016-512-MRP

NAME OF SUBDIVISION: TOWN OF LEWISBURG

LOTS BEING DIVIDED: Lot 17 and portions of lots 15 & 16 into lots 17A., 17B & 17C

SECTION: 45  WARD: 1
TOWNSHIP: 8 South  PARISH COUNCIL DISTRICT: 1
RANGE: 11 East

PROPERTY LOCATION: The properties are bounded on the north by Copal Avenue, on the south by Lake Pontchartrain and on the east by Magnolia Avenue, southwest of Mandeville, Louisiana.

ZONING: A-2 Suburban

PROPERTY OWNERS: Warren Davie & Richard Polchow

STAFF COMMENTARY:

Warren Davie owns all of lot 17 which is a long and narrow lot typical for this subdivision, while Richard Polchow owns portions of lots 15 & 16 that front on Magnolia Avenue. Mr. Polchow wishes to purchase a center portion of Mr. Davie’s lot 17 to add to his property, which leaves Mr. Davie with two acres for which he wishes to resubdivide into a north and south parcel (proposed parcels 17A and 17C).

Recommendation:

Parish code requires a minimum lot width of 150' for A-2 zoning; however, as noted above, the subdivision is very old and the long and narrow lots are typical for this subdivision. Additionally, proposed lot 17C does not have public road frontage as required by code.

Therefore, if the commission decides to grant this resubdivision request, a waiver of the regulations are required relative to the lot width and public road frontage issues, and a 2/3rds majority vote of the full membership of the commission (8 members) is needed in order to approve pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision Regulatory Ordinance No. 499.

STAFF COMMENTARY:

The owner is proposing to create two (2) parcels from a 7.938 acre parcel.

Recommendation:

The lot width of each proposed parcel (135’) does not meet the minimum lot frontage of 150’ pursuant to the A-2 Suburban zoning district standards; therefore, the staff recommends denial of the proposed resubdivision request.

However, if the commission decides to grant this resubdivision request, a waiver of the regulations are required relative to the lot width issue, and a 2/3rds majority vote of the full membership of the commission (8 members) is needed in order to approve pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision Regulatory Ordinance No. 499.

ZONING: HC-2 Highway Commercial

PROPERTY OWNER: American Factory Direct

STAFF COMMENTARY:

The owner is proposing to resubdivide lot 8 into two commercial lots.

Recommendation:

The lot width of each proposed lot (76.68') does not meet the minimum lot frontage of 80' pursuant to the HC-2 Highway Commercial zoning district; however, given the fact that the lot widths fall short by less than four (4') each and are on a cul-du-sac, and given that the property is zoned commercial and is a very large tract (15.57 acres), the staff has no objections to the resubdivision request.

So if the commission decides to grant this resubdivision request, a waiver of the regulations are required relative to the lot width issue, and a 2/3rds majority vote of the full membership of the commission (8 members) is needed in order to approve pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision Regulatory Ordinance No. 499.

Re: Enter Parish ROW – Res. No. 16-020
Specifically Unopened Portion of "H" St.
Alexiusville S/D

Honorable Commissioners:

The above resolution was adopted on February 10, 2016. The resolution states that the petitioner must submit all documentation within six (6) month period from the date of adoption.

The petitioner was granted a six (6) month extension by the Planning Commission on 9/13/16 which extended the adoption date to 9/13/16 thereby extending the six (6) month submittal of documentation to 3/13/17 and the completion date to 9/13/18.

The petitioner is unable to furnish all documentation required within the six (6) month period and is requesting another extension of time. See attached email dated 2/3/17.

Since the time will expire for the petitioner to furnish all documentation, the following action is required by the Planning Commission to allow the petitioner to proceed with project.

The Department of Engineering has no objection to the extension.

ACTION REQUIRED:
Extend adoption date to 2/14/17 thereby extending the six (6) month submittal of documentation to 8/14/17 and the completion date to 2/14/19.

Re: Guste Island Estates Parcel D-3 (The Oaks)
REVISE FINAL SUBDIVISION PLAT TO STATE PARCEL D-3-A

Honorable Commissioners:

Guste Island Estates Parcel D-3 (The Oaks) received Final Approval on January 10, 2017 for forty-seven (47) lots.

The developer is requesting that twelve (12) of the forty-seven (47) lots be removed from the plat prior to recordation because of wetlands existence. (See attached letter dated February 1, 2017.)

The Department of Development-Engineering has reviewed this request and there is no objection to the removal of the twelve (12) lots.

The Warranty Obligation also needs to be revised as follows:

1705 linear feet x $25.00 per linear foot = $42,600 for a period of five (5) years.

RE: Guste Island Parcel D-3(A)

Jay,

We request that Parcel D-3 that received Final Approval last month, be placed on the next Planning Commission under "Old Business".

A review of our files revealed that we did not have a Wetlands delineation for a portion of the property. We immediately engaged Tom Brown, our wetlands consultant, to determine if any wetlands may be present. He determined that there are 2 areas that may be wetlands. We have amended our plans to remove these 2 portions (Lots 229-233, 345-348, 408-410).

We therefore request that Final Approval be amended eliminating these portions reducing the number of lots from 47 to 35 lots.

Attached are the revised plans and we will deliver eighteen (18) paper copies of the plan.

We are proceeding with permitting of the wetlands areas and, when complete, we will file for Final on those areas.

Thanks for your prompt attention to this matter.

Sincerely,
