The original Resolution No. 13-113 was approved November 12, 2013 and a Performance Obligation in the amount of $13,000 was established and furnished by the petitioner.

The petitioner is now requesting a change in the location of the utilities which increases the amount of the Performance Obligation and the project drawings location.

Therefore, a new resolution has been prepared for action by the Commission in accordance with their request for the revised location.

Sincerely,

Department of Development - Planning

The owner is proposing to create three (3) parcels from one parent parcel; and since the private drive will only provide access to one (1) parcel within the minor subdivision, said drive is not required to be built to a parish standard pursuant to Section 40-045.01 Minimum Standards for a Private Drive, of Subdivision Regulatory Ordinance No. 499. Therefore, the staff has no objections to the proposed minor subdivision request.

SURROUNDING LAND USES:

- East - rural residential
- West - rural residential

TOTAL ACRES IN DEVELOPMENT: 0.822

NUMBER OF LOTS/PARCELS: 2
TYPICAL LOT SIZE: under 1 acre

ZONING: A-1 Suburban

REASONS FOR PUBLIC HEARING: Both parcels do not meet parish minimum lot size and width requirements for an A-1 Suburban zoning district.

STAFF COMMENTARY:

Department of Development - Planning

The owner is proposing to create two (2) parcels from one parent parcel. Parish code requires that lots within an A-1 Suburban zoning district must have a minimum width of 300' of road frontage and a minimum of five (5) acres in size (based on density requirements).

However, the owner already has two existing homes on this small parcel and wants to resubdivide in order to create independent parcels of record for each.

Since a waiver of the regulations are required in order to approve this minor subdivision request relative to the lot frontage and size issues, a 2/3rds majority vote of the full membership of the commission (8 members) is needed to approve pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision
Regulatory Ordinance No. 499.

REVIEW
Mr. Keller,

Please allow this email to serve as our formal request to remove our ROW annexation request from the current planning Commission’s Agenda. We continue to experience difficulties in locating the neighboring property owners. Once this is accomplished, we will add our request back to the agenda for potential approval. Thank you for your assistance with this matter. We hope to have this resolved in the upcoming weeks.

Paul Richard, Jr.

---

Mr. Richard:

Please review below the email I received from legal regarding the ownership issue of the property on the north side of Algiers Ave. I’m afraid some additional work is needed by your abstractor to confirm and for you to contact the owner of said property to the north in order to proceed forward.

Additionally, since your revocation request has been on the Planning Commission’s docket for the last three months, I will need your permission (per email response) to pull this off the agenda (indefinite postponement) which can be put back on the docket at any time once this issue is resolved; otherwise the case could be denied at the next meeting and you would have to start all over again.

Please advise at your earliest convenience.

Sincerely,

Ron Keller

REVOCATION STAFF ANALYSIS REPORT

CASE NO.: REV14-12-002

NAME OF STREET OR ROAD: ALGIERS AVENUE

NAME OF SUBDIVISION: CENTRAL PARK

WARD: 8 PARISH COUNCIL DISTRICT: 12

PROPERTY LOCATION: The property is located in the northwest quadrant of Interstate 10 and LA Highway 433, southeast of Slidell, Louisiana,

SURROUNDING ZONING: Commercial & Single Family Residential

PETITIONER/REPRESENTATIVE: Own Your Own, L.L.C.

STAFF COMMENTARY:

(This case cannot proceed until the owner involves the property owner on the north side of the right-of-way in the revocation process.)

The applicant wishes to revoke an approximate 25' wide strip of Algiers Avenue to use for his business. Portions of said right-of-way have been revoked previously and the right-of-way abuts detention ponds to the north.

Recommendation:

The staff has reviewed the applicant’s request and believes that the proposal is consistent relative to the Louisiana Revised Statutes governing the revocation of immovable property since the right-of-way does not appear to serve any public use or benefit, other than to the applicant. Therefore, the staff has no objections to the proposed revocation request subject to the survey being amended to reflect the following:

- “City of Slidell” needs to be removed from the legend and replaced with “St. Tammany Parish”.
- A notation needs to be placed on the survey indicating that the 25' wide strip of Algiers Avenue will be assimilated into parcel 1-A-1 to the south.
- The surveyor needs to determine if there is any additional right-of-way between the 25' wide strip and the detention ponds to the north.

PROPERTY LOCATION: The property is located on the south side of Meadowlark Drive, south of Covington, Louisiana.

ZONING: A-1 Suburban

PROPERTY OWNER: Pleasantville, L.L.C.

STAFF COMMENTARY:

The owner is proposing to resubdivide lot 6 into two smaller parcels to utilized exclusively for access to two technically “landlocked” acreage parcels behind said lot (see surveys and narrative from the owner’s attorney attached).

Recommendation:

The staff has no objections to the resubdivision request based on the circumstances and has required the owner to provide the appropriate language on the survey plat specifically noting that said lots are to be used for access purposes only two the acreage parcels behind said lot.

Re: Minor Subdivision Request

Dear Ron:

In accordance with our various conversations, please find enclosed the following documents, to-wit:

1) Minor Subdivision Review Application;
2) Act of Cash Sale without Warranty by Whitney Bank to Pleasantville, LLC;
3) Ten (10) originally stamped resubdivision plats for Lot 6, River Forest Country Club Subdivision; and
4) Checks in favor of the Parish of St. Tammany and the Clerk of Court, respectively.

Although we are only creating two (2) lots, and each lot has frontage on Meadowlark Drive, due to the unusual circumstances surrounding this matter, we are requesting a public hearing. The reason for our request to subdivide Lot 6 into Lots 6-A and 6-B is to provide access to property which is otherwise currently landlocked. Through a set of very unusual circumstances, including several foreclosures, currently two large parcels of land, one measuring approximately 13 acres and the other measuring approximately 25 acres, have no legal access. Rather, they have physical access to Meadowlark Lane over an existing gravel road located on Lot 6. For many years, Lot 6 has served as the access for these two parcels.

Earlier this year, the owners of the respective landlocked parcels commenced litigation over the access to each parcel. The litigation has been duly settled provided that
the Parish is willing to resubdivide Lot 6 as proposed, thereby giving each owner direct access and frontage onto Meadowlark Drive.

As you will notice, on the face of the plat, Lot 6-A and 6-B will only be used for access purposes and will not be buildable sites. This request, albeit somewhat unusual, is for the sole purpose of providing legal access and otherwise resolving the dispute between the parties. For the foregoing reasons, we would respectfully request a public hearing on this matter before the St. Tammany Parish Planning Commission at its next available meeting.

Thank you for your assistance, and should you have any questions regarding our request, please do not hesitate to contact me.

Sincerely,

[Signature]

STAFF COMMENTARY:

The owner is proposing to resubdivide a square and a portion of another square into twenty-nine (29) lots. The reason for a public hearing is due to the fact that more than five (5) lots are being created.

Recommendation:

The staff has no objections to the resubdivision request due to the fact that the applicant has complied with parish code requirements relative to the lot layout; however, the owner will still need to work with our engineering department in order to determine the amount of detention area required which may result in the reduction of the number of lots outstanding.

Re: Ruelle Court Subdivision

Honorable Commissioners:

Ruelle Court Subdivision received Preliminary Approval at the March 11, 2014 Planning Commission meeting.

The developer has not received a work order within the one (1) year required by Subdivision Ordinance #499 -

Sec. 40-061.04 Limitations Imposed Prior to & During Construction

1. Should work not commence within one year after the issuance of a work permit in any subdivision for which approval of the preliminary plan was given by the Planning Commission, or its successor in office, no work can thereafter commence unless and until the Planning Commission, or its successor in office, extends the time thereof. The governing authority need not extend the time for commencement and may require the reprocessing thereof in the same manner and to the same extent, including payment of fees pertaining hereto, as if said subdivision were a new proposed development. However, in any case, a work permit must be granted by the Parish within one (1) year after receiving preliminary approval by the Planning Commission; otherwise, the development must be resubmitted for preliminary review and subject to all applicable advertising requirements and payment of fees. (Amended per Ord. No. 03-0688, adopted June 5, 2003)

Attached is a copy of letter dated January 12, 2015 from the developer requesting an extension of time.

The Department of Engineering has no objection to the extension of time.

Sincerely,

Charles E. Williams, P.E.
Parish Engineer/Director of Engineering
