RESOLUTION PLANNING COMMISSION SERIES NO. _____

TITLE: A RESOLUTION AUTHORIZING RACE TRAC PETROLEUM, LLC TO ENTER PARISH RIGHT-OF-WAY.

SUB-TITLE: A RESOLUTION GRANTING RACE TRAC PETROLEUM, LLC; 3225 CUMBERLAND BLVD, SUITE 100; ATLANTA, GA 30339; PERMISSION TO ENTER PARISH RIGHT-OF-WAY, SPECIFICALLY A SECTION OF POWELL DRIVE FOR THE PURPOSE OF OVERLAYING THE ROADWAY.

WARD 8 DISTRICT 14

NOW, THEREFORE, BE IT RESOLVED, by the St. Tammany Parish Planning Commission that it hereby grants permission to the aforementioned petitioner to enter Parish right-of-way for the aforementioned purposes, subject to the following conditions:

1. That the improvements that will be undertaken will be at the sole expense of the petitioner.

2. That the petitioner agrees to accept full responsibility, financial and all other, for the damage and/or relocation of utilities currently located within Parish right-of-way.

3. That the petitioner shall submit plans prepared by a licensed engineer to the Department of Engineering for review and approval. The road design must meet the asphalt road standards as established under the “Subdivision Regulatory Ordinance.” Upon approval of plans and specifications by the Director of Engineering, the petitioner must notify the Department of Engineering prior to the commencement of any activity.

4. That should the petitioner commence work thereon, petitioner by such act acquiesces and acknowledges thereby that he will hold this Parish, its officials, agents, servants, and employees free and harmless from any liability or responsibility whatsoever in connection with the construction of the project. Petitioner will provide copy of Liability Insurance Policy including the naming of the Parish as an insured party. The insurance will remain in effect until the Parish releases the Performance Obligation.

5. That nothing herein shall be construed as a revocation of the dedication of the aforementioned right-of-way.

6. That no maintenance nor financial nor material nor assistance shall be provided by the Parish for the project nor the maintenance thereof, except for the inspection of the plans and specifications by the Department of Engineering to insure the construction complies with Parish specifications.

7. That the petitioner post a Performance Letter of Credit in the amount of $13,200 for a period of six (6) months.

8. That the petitioner agrees to post a Warranty Obligation upon completion of the project.
RESOLUTION P.C. NO._____
PAGE NO. 2 OF2

9. That the petitioner and any assignees submit a Hold Harmless Agreement in connection with the construction of the project and utilization of the access by (an) individual(s) until the time that the access is upgraded to Parish standards and accepted into the Parish Maintenance System.

10. That the petitioner and any assignees agrees to provide maintenance for this project at his/her own expense until such time as the Parish agrees to accept these improvements into the Parish’s Selective Road Maintenance System.

11. That the petitioner shall submit a copy of the current owner’s deed.

12. That the petitioner shall produce proof that the right of way is dedicated to the Parish.

13. That the petitioner submit as-built drawings certifying that the work was completed in accordance with the approved plan.

14. That the petitioner submit all documentation required within SIX (6) months from date of adoption, additionally petitioner has two (2) years to complete all work on this project, if not completed within two (2) years, approval of this work will be required to reapply for permission.

CASE NO.: MS15-06-025

OWNER/DEVELOPER: David Scalfano

ENGINEER/SURVEYOR: John E. Bonneau & Associates, Inc.

SECTION: 17 WARD: 7
TOWNSHIP: 8 South PARISH COUNCIL DISTRICT: 7
RANGE: 13 East

TYPE OF DEVELOPMENT: ___ SUBURBAN (Residential acreage between 1-5 acres)
___ RURAL (Low density residential 5 acres or more)
X OTHER (PUD, Multi-family, commercial or industrial)

GENERAL LOCATION: The property is bounded on the south and west by Krentel Road, north of I-12, Lacombe, Louisiana.

SURROUNDING LAND USES: North - industrial undeveloped
South - industrial undeveloped
East - industrial undeveloped
West - industrial undeveloped

TOTAL ACRES IN DEVELOPMENT: 3.07

NUMBER OF LOTS/PARCELS: 2 TYPICAL LOT SIZE: 0.77 & 2.3 acres

ZONING: I-2 Industrial

REASONS FOR PUBLIC HEARING: One parcel is under the minimum one (1) acre lot size requirement.

STAFF COMMENTARY:

Department of Development - Planning

The owner is proposing to create two parcels from one 3.07 parent parcel with the substandard parcel (0.77 acres) having an existing office on it, while we understand that the other parcel is proposed to be used for a future 911 communications facility.

As mentioned above parish code requires a minimum of one (1) acre for each lot created; however it should be noted that the parcel is zoned I-2 Industrial which would normally permit parcels of less than one (1) acre in size if not for having to comply with the minor subdivision one (1) requirement.

Additionally, a waiver of the regulations is required in order to approve this minor subdivision request relative to the lot size issue. Therefore, a 2/3rds majority vote of the full membership of the commission
(8) members) is needed in order to approve pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision Regulatory Ordinance No. 499.

REVIEW
CASE NO.: REV15-07-001

NAME OF STREET OR ROAD: Azalea Drive

NAME OF SUBDIVISION: Flower Estates

WARD: 1 PARISH COUNCIL DISTRICT: 1

PROPERTY LOCATION: The property is located at the far southern end of Azalea Drive, west of Covington, Louisiana.

SURROUNDING ZONING: Single Family Residential

PETITIONER/REPRESENTATIVE: Viola Living Trust & Terry & Gary O’Brien

STAFF COMMENTARY:

The applicants seek to purchase the right-of-way at the far southern end of Flower Estates subdivision.

Recommendation:

The staff has reviewed the applicant’s request and believes that the proposal is consistent relative to the Louisiana Revised Statutes governing the revocation of immovable property since the right-of-way does not appear to serve any public use or benefit, other than to the applicant. Therefore, the staff has no objections to the proposed revocation request subject to the following conditions:

a.) The right-of-way being assimilated into the adjacent properties through the parish’s minor resubdivision process; and

b.) Notarized letters of no objection are needed from Atmos Energy and Charter cable.

TENTATIVE SUBDIVISION STAFF ANALYSIS REPORT  
(As of July 7, 2015)

CASE NO.:    SD15-07-003

PROPOSED SUBDIVISION NAME:  WINGFIELD

DEVELOPER:    Robert Bruno

ENGINEER/SURVEYOR:  Arrow Engineering & Consulting

SECTION:   33       WARD:   1
TOWNSHIP:   6 South    PARISH COUNCIL DISTRICT:  3
RANGE:      10 East

TYPE OF DEVELOPMENT:                    

- URBAN (Residential lots less than 1 acre)
- SUBURBAN (Residential lots between 1-5 acres)
- RURAL (Residential Farm Tract lots 5 acres plus)
- OTHER (PUD, Multi-family, commercial or industrial)

GENERAL LOCATION:  The property is located on the north side of Joiner Wymer Road and bisected by Bedico Creek, west of Covington, Louisiana.

SURROUNDING LAND USES:  
North - undeveloped  
South - rural residential  
East - rural residential  
West - rural residential

TOTAL ACRES IN DEVELOPMENT:  163.45

NUMBER OF LOTS:  47  
TYPICAL LOT SIZE:  3 acre average

SEWER AND WATER SYSTEMS:  Central

PROPOSED ZONING:  A-1A Suburban

FLOOD ZONE DESIGNATION:  A

STAFF COMMENTARY:

Department of Development - Planning

1. The staff is concerned due to the fact that the entire property is in Flood Zone A and is bisected in a north/south direction by Bedico Creek. This area has had a history of drainage problems arising primarily from poor drainage at the roadside ditches that run along Joiner Wymer and Baham Roads.
Without the benefit of a typographic survey plat, the staff does not know if drainage and/or inundation of the proposed lots will be problematic; that issue notwithstanding, the staff would suggest the lots that directly abut Bedico Creek be increased in size to a minimum of five (5) acres in size and that a restrictive covenant be added to the subdivision plat requiring the homes on said lots to be raised and built on “pier and piling” foundations, unless empirical evidence can be provided by the developer’s engineer with concurrence from our engineering department that would repudiate these suggestions.

2. The proposed development has jurisdictional wetlands. Therefore, the developer should be required to submit a copy of an approved Army Corps of Engineers Permit to the Department of Engineering, if applicable, prior to receiving a “work order” in conjunction with the preliminary subdivision review process.

**Informational Items:**

1. The street names proposed will need to be approved by the 911 addressing office.

2. Parish code requires that a land clearing permit be applied for and obtained through the Department of Planning prior to the developer receiving a work order in conjunction with the preliminary subdivision review process (*for informational purposes*).

The staff recommends approval subject to the developer complying with all staff comments.

**Department of Engineering**

**Informational Items:**

1. A drainage easement for Bedico Creek will be required with sufficient width such that it would contain the creek if widened to handle the 100 year storm event. At least 20’ on the existing top of bank should be provided. Where text overlaps, this should be corrected.

2. The drawing needs to be cleaned up for legibility and accuracy. Some property lines break where drainage crosses them, and line weights should vary as needed for clarity.

3. Net fill calculations will be needed at preliminary review.

4. The Bedico Creek crossing will need to be sized for the 100 year storm event at preliminary review.

5. Restrictive Covenant D will need to state that the finished floor elevation must also be at least 1’ above the road crown.

6. Easements will be needed for lateral ditches and may be needed for off-site drainage at preliminary review.

Department of Engineering

1. The Preliminary plans and hydrologic study have been reviewed by this office and an inspection was made of the site.

2. It is recommended that Preliminary submittal be approved subject to the following:

   a. GENERAL

   1) “Utility Road Crossing Trench Detail” on sheet C6 needs to be revised in accordance with S/D Ordinance #499 SECTION 40-032.01.1 Utility Trench Backfill and state Ordinance number on drawing.
b. **TRAFFIC**

1) An updated TIA must be submitted to the Parish.

2) A DOTD driveway permit must be obtained before a work order will be issued.

c. **SEWER AND WATER**

1) Plans and specifications for the construction of the project’s water distribution lines and sewage collection lines have not yet been approved by the Department of Health and Hospitals as required.

2) Provide Tammany Utilities with a set of the revised water and sewer plans and DHH permit application.

3) No work order will be issued until the submitted plans and specifications are approved by the DHH.

3. No Maintenance Obligation is required since the plans prohibit use of Parish roads during construction.

4. Mandatory Developmental fees will be required at Final Submittal in accordance with Ordinance No. 04-0990 since no public hearing was held prior to January 1, 2005.

_Department of Planning_

1. The developer needs to depict the exact location of the walking path on the plat and provide a typical cross section on the plat depicting the width and type of materials to be used for the construction of said walking path.

Attn: Chairman of the Planning Commission

SUBJECT: THE WILLOWS SUBDIVISION
RCLC NO 714-29

Dear Chairman:

RCLC, on behalf of the Developer, is requesting a waiver of Ordinance 499, Section 40-032.0, Subsection 3. Due to an available right-of-way width of 60 feet, providing a boulevard entrance with an 80 feet right-of-way is not possible. This subdivision consists of only 25 lots and will not produce a large volume of traffic for which this particular subsection was intended.

Since the entrance location to the Willows along Willow Bend Drive will be only 400 feet from LA 1085, nearly every vehicle exiting The Willows Subdivision will be taking left turns toward LA 1085. Therefore, separate dedicated left and right turn exit lanes are not necessary.

If you have any questions or require further action on our part, please contact me.

Yours truly,

Department of Engineering

1. The Preliminary plans and hydrologic study have been reviewed by this office and an inspection was made of the site.

2. It is recommended that Preliminary submittal be approved subject to the following:

a. GENERAL

1) SECTION 40-032.0 subsection 3 requires a boulevard entrance where only one (1) entrance is provided for the subdivision. The developer’s engineer on behalf of the developer has requested a waiver of this requirement (see attached letter dated July 1, 2015).
The Department of Engineering has no objection to this departure of the ordinance.

The following action is required -

SECTION 40-100.0 WAIVER OF REGULATIONS

1) Cases will occur where certain articles of the regulations cannot reasonably be complied with without causing undue hardship. If the developer or property owner of record cannot comply with certain articles, he may make a request in writing to the Chairman of the Planning Commission, stating that: He is requesting a waiver of a particular section or sections that effect him and the reasons therefor.

2) The Planning Commission may grant any such waiver as it deems proper by a resolution adopted by not less than two-thirds majority (2/3) affirmative vote of the Planning Commission membership.

3) Such approved waivers shall be filed with the Director of the Department of Engineering and or Development and will be so noted in the files.

2) Restrictive covenant #13 needs to be revised to state that St. Tammany Parish is to maintain the detention pond.

3) Restrictive covenant #6 needs the following spelling corrected: Meet in lieu of Beet.

4) Typical cross-section C-C needs to be revised to provide subsurface drainage (24” PVC) since the far slope cannot extend closer than twenty (20) feet from the rear of lots in Willow Bend Subdivision.

5) Revise “Typical relocated ditch cross section” to show twenty (20) feet from property line to R.O.W. and top of bank.

6) Revise A-A Proposed Retention Pond to show twenty-five (25) feet maintenance access not twenty (20) feet.

7) “Drain Pipe Bedding & Backfill Detail of Open Ditch” needs to be revised in accordance with S/D Ordinance #499 SECTION 40-032.01.1 Utility Trench Backfill and state Ordinance number on drawing.

8) Minor revisions are required to the hydrologic study that will be presented to D.O.E. for review and approval.

b. SEWER & WATER

1) Plans and specifications for the construction of the project’s water distribution lines and sewage collection lines have not yet been approved by the Department of Health and Hospitals as required.

2) No work order will be issued until the submitted plans and specifications are approved by the DHH.
3. A funded Maintenance Obligation in the amount of $10,000 is required in accordance with Subdivision Ordinance #499; Section 40.061.08 funded letters of credit for existing Parish roads to ensure the repair of any damage to the Parish roads resulting from construction activity in connection with the subdivision.

4. Mandatory Developmental fees will be required at Final Submittal in accordance with Ordinance No. 04-0990 since no public hearing was held prior to January 1, 2005.

**Department of Development - Planning**

1. The developer needs to submit a “Recreational Development Plan” for review and approval prior to the developer receiving a “work order” in conjunction with the preliminary subdivision approval process. Said plan should be presented in document form inclusive of the amenities that are being provided, a site plan and/or landscape plan if applicable, a time schedule for development, and the entity or entities whom shall be responsible for the liability and maintenance of the greenspace areas.

2. The developer needs to depict the exact location of the walking/jogging path on the plat and provide a typical cross section on the plat depicting the width and type of materials to be used for the construction of said walking/jogging path.

Re: Detention Area Revision, North Pointe Business Park

Dear Mr. Keller:

We have submitted plans to the Department of Engineering to eliminate the linear detention areas in some locations of North Pointe Business Park and replacing them with a large detention pond on Tract B (see attached 11x17 plans).

We have attached a revised plat showing some the drainage easements reduced to 29' and an 11x17 copy of the existing plat. We request that this item be placed on the agenda of the May 12, 2015 Planning Commission Meeting under old business — Amendment to Plat.

Please contact me with questions and comments.

The ASSOCIATION transfers, assigns, dedicates, donates and delivers, to the Parish of St. Tammany any and all warranties relating to the Dedicated Property (herein described). The Parish of St. Tammany does appear herein and does accept the dedication and donation and agrees to incorporate the Dedicated Property into the St. Tammany Parish road maintenance system, subject to approval of the roadway standards set by the Parish Council and the Department of Engineering and as per Ordinance recorded in the official records of St. Tammany Parish Clerk of Court, relating to the Dedicated Property, more particularly described as follows, to wit:
“Exhibit A” consisting of the legal description of the dedicated properties with attached plat which are attached hereto and made a part hereof.

The dedicated property is described and delineated according to a survey by Kelly J. McHugh & Associates, Inc. dated ________________, filed for record in the map file records of St. Tammany Parish on ___________ in Clerk’s Map File ___________. Said map shall indicate the dedicated properties are now public properties.

The map herein described amends and corrects the original plats filed regarding Audubon Lake Subdivision Phase 1, by Kelly J. McHughes & Associates, recorded 1/18/89, Map No. 1000-B; Plat of Audubon Lake Subdivision Phase 2-A, by Kelly J. Pursuant to Section 149 of the Louisiana Mineral Code, The ASSOCIATION reserves all mineral rights and interests in perpetuity in and under the Dedicated Property.

The ASSOCIATION has been informed of the acquisition process and hereby certifies that it waives the following right(s) in connection with the acquisition process of the Subject Property: 1) To have St. Tammany Parish appraise the Subject Property; and 2) To receive payment of the established Just Compensation Amount for the acquisition of the Subject Property.

The ASSOCIATION hereby indemnifies and holds the Parish harmless from any claims and actions for damages arising out of or associated with the Parish’s maintenance of the streets, shoulders, signage and rights-of-ways if (but only to the extent) said claims and actions involve or are contributed to by the association’s signage or a lack of maintenance of the roadside ditches, drainage outfalls, and/or any drainage facilities, including the lake control structure. The ASSOCIATION hereby agrees to maintain a policy of liability insurance of which policy shall name the Parish of St. Tammany as an additional insured for all personal injury and/or property damage claims and actions in connection with this indemnity and hold harmless agreement.

The ASSOCIATION hereby agrees that no entrance gates to the subdivision shall be permitted to exist.

The ASSOCIATION has been informed and hereby agrees that all signage, if damaged, destroyed, or fails at any time to meet the standards of the Manual of Uniform Traffic Control Devices (MUTCD), will be replaced by the Parish with standard metal posts and signs. Further, the ASSOCIATION reserves to itself, after written notification to the Parish, the right to replace said posts and/or signs, with its own signs which must conform to MUTCD specifications.

The ASSOCIATION has been informed and hereby agrees that the Parish of St. Tammany is not responsible for the maintenance of the roadside ditches, drainage outfalls, and/or any drainage facilities, including the lake control structure.

The ASSOCIATION declares that the herein described property is free and clear from all encumbrances and that there are no mortgages and/or liens on the herein described property. The ASSOCIATION further agrees to supply to the Parish, an adequate title opinion letter on the property conveyed herein.

CORPORATE RESOLUTION OF AUDUBON LAKE HOMEOWNERS ASSOCIATION

After due notice to all Board Members, a special meeting of the Board of Directors of the AUDUBON LAKE HOMEOWNERS ASSOCIATION was held at St. Timothy’s Church in Mandeville, Louisiana on the 17th day of February 2014 at which meeting a quorum was present. At the said meeting, the following resolution was adopted:

RESOLVED: That TERRY CALDERONE LODGE, the President of the Board of Directors of the Association for the period 2012-2013 is hereby authorized and empowered on behalf of the AUDUBON LAKE HOMEOWNERS ASSOCIATION to transfer by Act of Donation to the Parish of St. Tammany that certain piece of real estate, together with all improvements and appurtenances and servitudes thereon, better described as follows:

ALL THE STREETS INSIDE THE SUBDIVISION, TOGETHER WITH THEIR SERVITUDES, and that are being identified herein by their municipal names as Audubon Lake Drive, Lake Shore Drive, Lake Vista Drive and Blue Heron Drive.

This real property is owned by the AUDUBON LAKE HOMEOWNERS ASSOCIATION and it is the desire of the Association to donate the streets of the subdivision to the Parish of St. Tammany. In connection therewith TERRY CALDERONE LODGE is further authorized and empowered to sign any and all necessary documents in connection with the transfer by Act of Donation of the real property described herein to the Parish of St. Tammany.

I, ROBERT A. CONTRERAS, Secretary and Member of the Board of Directors of AUDUBON LAKE HOMEOWNERS ASSOCIATION, Mandeville, Louisiana, do hereby certify that the above and foregoing is a true and correct extract from the minutes of a Special Meeting of the General Board of Directors of AUDUBON LAKE HOMEOWNERS ASSOCIATION.

ROBERT A. CONTRERAS
Secretary – Member of the Board of Directors
Audubon Lake Homeowners Association
ORDINANCE AUTHORIZING THE PARISH OF ST. TAMMANY TO ACCEPT THE DEDICATION AND DONATION OF THE STREETS, SHOULDERS, SIGNAGE AND RIGHTS-OF-WAY AND SITUATED WITHIN AUDUBON LAKE SUBDIVISION AND RELATED MATTERS. (DISTRICT 5)

WHEREAS, at the present time, the streets, rights-of-way and drainage servitudes are vested in the Audubon Lake Homeowners Association, Inc. (the "Association"). The homeowners and the Association desire that the final plat be corrected and the streets, shoulders, signage and rights-of-way within the subdivision be public. The Association is governed by its Board of Directors and the Board of Directors have met and approved the transfer of the ownership of the streets, shoulders, signage and rights-of-way to the Parish of St. Tammany; and

WHEREAS, the matter is to be reviewed by the St. Tammany Parish Planning Commission and an act of correction of the final plat is to be executed wherein it will be noted that the streets, shoulders, signage and rights-of-way within Audubon Lake Subdivision are now public; and

WHEREAS, the Department of Engineering has verified that the streets, shoulders and signage meet Parish standards.

THE PARISH OF ST. TAMMANY HEREBY ORDAINS: in regular session convened that:

SECTION 1. The Office of the Parish President is authorized to execute, on behalf of St. Tammany Parish, any and all documents necessary to accept a dedication and donation of the streets, shoulders, signage and rights-of-way within Audubon Lake Subdivision, all as more particularly depicted on the attached copy of recorded plat amended hereto as Exhibit A.

SECTION 2. The Act of dedication and donation is to include the following: (1) the Association indemnifies and holds the Parish harmless from any claims and actions for damages arising out of or associated with the Parish's maintenance of the streets, shoulders, signage and rights-of-ways; (2) the Association shall maintain a policy of liability insurance which policy shall name the Parish of St. Tammany as an additional insured for all personal injury and/or property damage claims and actions; (3) No entrance gates to the subdivision shall be permitted to exist; (4) All signage if damaged, destroyed or fails at any time to meet the standards of the Manual on Uniform Traffic Control Devices (MUTCD) will be replaced by the Parish with standard metal posts and signs and the association reserves to itself after written notification to the Parish the right to replace said posts and/or signs with its own signs which must conform to MUTCD specifications; (5) The Parish is not taking over the roadside ditches, drainage outfalls nor any drainage facilities including the lake control structure.

SECTION 3. The matter is to be reviewed by the St. Tammany Parish Planning Commission and an act of correction of the final plat of all phases of Audubon Lake Subdivision are to be executed wherein it will be noted that streets, shoulders, signage and underlying rights-of-way are public and not private. No maintenance warranty is required and is waived.

SECTION 4. Upon execution of the aforesaid dedication, donation and transfer of the streets, shoulders, signage and rights-of-way, said streets, shoulders, signage and right-of-ways, shall be included in the St. Tammany Parish maintenance system.

SECTION 5. The St. Tammany Parish Selective Road Maintenance System Inventory is amended to include the streets, shoulders, signage and rights-of-way set forth in Sections 1 and 2 herein above.
REPEAL: All ordinances or parts of Ordinances in conflict herewith are hereby repealed.

SEVERABILITY: If any provision of this Ordinance shall be held to be invalid, such invalidity shall not affect other provisions herein which can be given effect without the invalid provision and to this end the provisions of this Ordinance are hereby declared to be severable.

EFFECTIVE DATE: This Ordinance shall become effective fifteen (15) days after adoption.
