ST. TAMMANY PARISH PLANNING COMMISSION

RESOLUTION

RESOLUTION PLANNING COMMISSION SERIES NO. _________

TITLE: A RESOLUTION AUTHORIZING CARWASH REVIVE, LLC C/O JORDAN WILLIAMS, TO ENTER PARISH RIGHT-OF-WAY.

SUB-TITLE: A RESOLUTION GRANTING CARWASH REVIVE, LLC C/O JORDAN WILLIAMS, 19384 COUNTRY CLUB LANE, HAMMOND, LA 70401; PERMISSION TO ENTER PARISH RIGHT-OF-WAY, SPECIFICALLY A PORTION OF 9TH STREET. LOCATED WITHIN MAILLEVILLE SUBDIVISION, FOR THE PURPOSE OF LAYING AND CONNECTING 10" SEWER LINE AND 8" WATER LINE.

WARD 3 DISTRICT 2

NOW, THEREFORE, BE IT RESOLVED, by the St. Tammany Parish Planning Commission that it hereby grants permission to the aforementioned petitioner to enter Parish right-of-way for the aforementioned purposes, subject to the following conditions:

1. That the improvements that will be undertaken will be at the sole expense of the petitioner.

2. That the petitioner agrees to accept full responsibility, financial and all other, for the damage and/or relocation of utilities currently located within Parish right-of-way.

3. That the petitioner shall submit plans prepared by a licensed engineer to the Department of Engineering for review and approval. Upon approval of plans and specifications by the Director of Engineering, the petitioner must notify the Department of Engineering prior to the commencement of any activity.

4. That should the petitioner commence work thereon, petitioner by such act acquiesces and acknowledges thereby that he will hold this Parish, its officials, agents, servants, and employees free and harmless from any liability or responsibility whatsoever in connection with the construction of the project. Petitioner will provide copy of Liability Insurance Policy including the naming of the Parish as an insured party. The insurance will remain in effect until the Parish releases the Performance Obligation.

5. That nothing herein shall be construed as a revocation of the dedication of the aforementioned right-of-way.

6. That no maintenance nor financial nor material nor assistance shall be provided by the Parish for the project nor the maintenance thereof, except for the inspection of the plans and specifications by the Department of Engineering to insure the construction complies with Parish specifications.
RESOLUTION P.C. NO.
PAGE NO. 2 OF 2

7. That the petitioner post a Performance Obligation in the amount of $16,000 for a period of six (6) months.

8. That the petitioner and any assignees submit a Hold Harmless Agreement in connection with the construction of the project and utilization of the R.O.W. by (an) individual (s) until the time that the project is satisfactorily completed.

9. That the petitioner submit as-built drawings certifying that the utility lines are constructed in accordance with the approved drawing(s).

10. That the petitioner submit all documentation required within SIX (6) months from date of adoption, additionally petitioner has two (2) years to complete all work on this project, if not completed within two (2) years, approval of this work will be required to reapply for permission.

MINOR

SUBDIVISIONS
MINOR SUBDIVISION STAFF ANALYSIS REPORT
(As of October 4, 2016)

CASE NO.: 2016-433-MSP

OWNER/DEVELOPER: Sandra Repath

ENGINEER/SURVEYOR: John E. Bonneau & Associates, Inc.

SECTION: 10  WARD: 8
TOWNSHIP: 8 South  PARISH COUNCIL DISTRICT: 9
RANGE: 14 East

TYPE OF DEVELOPMENT: 

- [X] SUBURBAN (Residential acreage between 1-5 acres)
- RURAL (Low density residential 5 acres or more)
- OTHER (PUD, Multi-family, commercial or industrial)

GENERAL LOCATION: The property is located at the far eastern end of Alamosa Lane and east of Carey Road, west of Pearl River, Louisiana.

SURROUNDING LAND USES: Single family residential & undeveloped property

TOTAL ACRES IN DEVELOPMENT: 5.0

NUMBER OF LOTS/PARCELS: 2  TYPICAL LOT SIZE: 3.88 & 1.12 acres

ZONING: A-2 Suburban

REASONS FOR PUBLIC HEARING: Parcel A does not meet the minimum lot width requirements of 150' on a public road.

STAFF COMMENTARY:

Department of Development - Planning

The owner is proposing to create two (2) parcels from one (1) 5.0 parent parcel; and since Parcel A does not technically meet the minimum 150' lot width on a public road due to the fact that the parcel is situated at the end of a cul-du-sac, a waiver of the regulations is required. It should also be noted that Parcel A has in actuality a 165' wide lot width, but simply not on the public road; and Parcel B has over 286' of lot width. Therefore, for the reasons as stated above, the staff has no objection to the proposed minor subdivision request.

However, if the commission decides to approve this request, a waiver of the regulations are required relative to the lot width issue on the public road, and a 2/3rds majority vote of the full membership of the commission (8 members) is needed in order to approve pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision Regulatory Ordinance No. 499.

Department of Engineering

None
RESUBDIVISION

REVIEW
RESUBDIVISION STAFF ANALYSIS REPORT

CASE FILE NO: 2016-430-MRP

NAME OF SUBDIVISION: PINEVIEW HEIGHTS FARMS, SQ. 6

LOTS BEING DIVIDED: Lot 7 into lots 7-A & 7-B

SECTION: 5  WARD: 4
TOWNSHIP: 8 South  PARISH COUNCIL DISTRICT: 7
RANGE: 12 East

PROPERTY LOCATION: The property is located on the east side of Mulberry Lane and south of LA Highway 1088, north of Mandeville, Louisiana.

ZONING: A-2 Suburban

PROPERTY OWNER: Joseph & Debra Sicard

STAFF COMMENTARY:

The owner wants to resubdivide their lot into two 0.933 acre lots; however, parish code requires that subdivisions that are zoned A-2 suburban must have a minimum lot area of one (1.0) acre and a lot width of 150'. Both of these requirements are not being met (see survey attached).

Recommendation:

Even though it is noted that this subdivision is an older development where lot sizes vary anywhere from the smallest (75' wide lots) to over two (2) acres and larger in size, the parish planning commission, according to our research of the files, has only on one occasion, back in 1996, approved the resubdivision of a substandard lot within this subdivision.

Therefore, the staff does not support the resubdivision request.

However, if the commission decides to approve this request, a waiver of the regulations are required relative to the lot size and lot width issue, and a 2/3rds majority vote of the full membership of the commission (8 members) is needed in order to approve pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision Regulatory Ordinance No. 499.
TENTATIVE

SUBDIVISION

REVIEW
TENTATIVE SUBDIVISION STAFF ANALYSIS REPORT
(As of October 4, 2016)

CASE NO.: 2016-393-TP

PROPOSED SUBDIVISION NAME: PERRILOUX TRACE

DEVELOPER: Perriloux Properties, L.L.C.

ENGINEER/SURVEYOR: Arrow Engineering & Consulting, Inc.

SECTION: 16  WARD: 1
TOWNSHIP: 7 South PARISH COUNCIL DISTRICT: 1
RANGE: 10 East

TYPE OF DEVELOPMENT: ⌂ URBAN (Residential lots less than 1 acre)
⋯ SUBURBAN (Residential lots between 1-5 acres)
⋯ RURAL (Residential Farm Tract lots 5 acres plus)
⋯ OTHER (PUD, Multi-family, commercial or industrial)

GENERAL LOCATION: The property is located on the east side of Perriloux Road and south of Brewster Road, west of Madisonville, Louisiana.

SURROUNDING LAND USES: North - undeveloped
⋯ South - undeveloped
⋯ East - Single Family Residential
⋯ West - undeveloped

TOTAL ACRES IN DEVELOPMENT: 10.0

NUMBER OF LOTS: 25 TYPICAL LOT SIZE: 90' x 135'

SEWER AND WATER SYSTEMS: Central

PROPOSED ZONING: A-4 Single Family Residential (existing)

FLOOD ZONE DESIGNATION: A & C

STAFF COMMENTARY:

Department of Development - Planning

1. Subdivisions with only one ingress/egress shall be designed at a minimum, one (1) 14' wide ingress travel lane on one side of the median and a minimum of two (2) 10' wide each egress travel lanes on the other side of the median. The developer is only depicting 15' wide single egress lane. Therefore, the developer needs to add an additional five (5') feet to the egress in order to provide two travel lanes, a left and right hand turning lanes.
2. Section 40-032.0 of Ordinance No. 499 only permits a maximum cul-du-sac length of 700'; and since the proposed street exceeds that requirement, the developer is seeking a waiver of the cul-du-sac standards (see letter from developer attached).

Informational Items:

1. Parish code requires that a land clearing permit be applied for and obtained through the Department of Planning prior to the developer receiving a work order in conjunction with the preliminary subdivision review process.

The staff recommends approval subject to the developer complying with all staff comments.

In addition, if the commission decides to grant the tentative subdivision request, a waiver of the regulations are required relative to the cul-du-sac issue pursuant to Section 40-100.0 Waiver of Regulations, of Subdivision Regulatory Ordinance No. 499, which requires a 2/3rds majority vote of the full membership of the commission (8 members) in order to grant said waiver.

Department of Development-Engineering

Tentative Subdivision Plan

1. Need to show distance from Perrilloux Road and roadside ditch.

2. This is the same developer; therefore “RESUBMITTAL” should be added to the S/D name.

3. This subdivision received Preliminary approval on March 13, 2007 and a Limited Work Order for clearing and grubbing on March 7, 2008. No work was accomplished and the developer requested release of the Maintenance Obligation. Department of Finance released the M.O. on April 26, 2013.

Paving and Drainage

4. A drainage easement is needed along the entire length of the south side of the subdivision.

5. Add a note stating that the detention ponds shall be maintained by HOA.

6. Need to show cross section for ditch to determine if there is an adequate maintenance area and state the easement is public or private.

7. Adjust the property line in the typical section to match the 80' R.O.W. width.

8. Adjust the property line in the typical section to match the 60' R.O.W. width.
Sewer and Water Comments

9. Verify with Tammany Utilities that the utility site will be large enough to accommodate the proposed WWTP.

Watershed Comments

10. Need drainage easement at rear of these lots to direct sheet flow runoff to the pond for retention, prior to discharge of stormwater.

11. Call out what is designated by area shaded with dots. If wetlands, then stipulate the wetlands consultant that performed the determination.

12. Need drainage easement at rear of these lots to direct sheet flow runoff to the pond for retention, prior to discharge of stormwater.

Mr. Dave Mannella
Chairman of the Planning Commission
St Tammany Parish

RE: Cul-du-sac Waiver - 2016-393-TP-Perriloux Trace – Ward1, District 1

Dear Mr. Mannella,

I am seeking a waiver of the Parish cul-du-sac standards from the Planning Commission. As per Section 40-032.0 of Ordinance No. 499, the Parish only permits a maximum cul-du-sac length of 700’.

The total depth of my development is only 1,320 feet in length which is well below the ordinance for a block length of 1,500 feet. To the rear of my property there are existing residences therefore defining my development as a ‘no outlet’ development to the East. To the north and south of my property are undeveloped tracts with no current plans for development. Any ‘stub-out’ to the north or south would be arbitrary to any future development of these properties and would result in a loss of a lot to my development; still requiring a cul-du-sac at the rear of the property.

As a professional Civil Engineer and land developer, I have considered several options to meet the Parish Ordinance requirements. It is my professional opinion that none of these options are practical; therefore I am requesting a waiver to extend my subdivision cul-du-sac.

Attached is a copy of the Tentative Plat for Perriloux Trace Subdivision showing the proposed cul-du-sac.

Thank you for your consideration, if you have any questions, please do not hesitate to call me at (225) 284-7245.

Sincerely

___ SUBURBAN (Residential lots between 1-5 acres)
___ RURAL (Residential Farm Tract lots 5 acres plus)
X OTHER (Multi family, commercial or industrial)(PUD)

GENERAL LOCATION: Parcel located on the south side of Highway 22, west of Trepagnier Rd.
and east of Helen Drive

TOTAL ACRES IN DEVELOPMENT: 69.78

NUMBER OF lots: 137 AVERAGE LOT SIZE: 75' x 140'
AVERAGE LOT SIZE: (Garden Home): 5,000 Sq. Ft.

SEWER AND WATER SYSTEMS: Central

ZONING: PUD

FLOOD ZONE DESIGNATION: “C”

MAJOR PUD AMENDMENT APPROVED: 6/7/2016

STAFF COMMENTARY:

Department of Development - Engineering

The Preliminary plans and hydrologic study have been reviewed by this office and an inspection was
made of the site.

It is recommended that Preliminary submittal be approved subject to the following:
**Informational Items**

1. Plans and specifications for the construction of the project’s water distribution lines and sewage collection lines have not yet been approved by the Department of Health and Hospitals as required.

   No work order will be issued until the submitted plans and specifications are approved by the DHH.

2. In accordance with the LADOTD’s TIA acceptance, a left turn lane must be constructed on westbound LA 22 at the proposed entrance. It will consist of 50' storage, 385' deceleration distance (which includes a 165' taper) and a 576' transition if symmetrical widening is used. Any deviation from these values must be approved by the design section.

   This improvement must be constructed before final approval will be granted for any future phase of this development.

No Maintenance Obligation is required since this project fronts Hwy 22.

Mandatory Developmental fees will be required at Final Submittal in accordance with Subdivision Regulatory Ordinance No. 499 since no public hearing was held prior to January 1, 2005.

**Department of Development - Planning**

1. The staff has reviewed the developer’s Recreational Development Plan and found it to be acceptable (see letter attached from the developer dated September 28, 2016); however, the developer will need to augment Restrictive Covenant No. 14 relative to the amenities to state who shall be responsible for the maintenance and upkeep of same.

2. Furthermore, relative to restrictive covenant No. 14, the developer wishes to amend to include the installation of the amenities for benches and playground equipment before the issuance of the 6th occupancy permit as opposed to after the issuance of the 5th occupancy permit.

3. The developer also wishes to amend the dedication statement on the plat to read that the streets shall be dedicated to the parish as opposed to private as indicated on the subdivision plat.

**Informational Items:**

1. Parish code requires that a land clearing permit be applied for and obtained through the Department of Planning prior to the developer receiving a work order in conjunction with the preliminary subdivision review process (*for informational purposes*).

The staff recommends approval subject to the developer complying with all planning staff comments.

Re: Southern Oaks
Recreational Development Plan

Dear Mr. Keller:

As the developer of Southern Oaks Subdivision (the “Subdivision”), please allow this letter to serve as our Recreational Development Plan. In particular, we will be providing the following recreational amenities within the Subdivision, to-wit:

1. Benches in park—to be installed prior to the issuance of the certificate of occupancy for the sixth (6th) home within the Subdivision.
2. Playground equipment—to be installed prior to the issuance of the certificate of occupancy for the sixth (6th) home within the Subdivision.
3. Pool and cabana—to be installed prior to the issuance of the certificate of occupancy for the fifty-sixth (56th) home within phase the Subdivision.

Furthermore, it is acknowledged that the developer of the Subdivision shall contact the Department of Development when all of the aforementioned occupancy goals have been met.

Should you have any questions regarding the foregoing, or need any additional information regarding our recreational development plan, please do not hesitate to contact me.

Sincerely,

north by Hickory Drive, north of Mandeville, Louisiana.

TOTAL ACRES IN DEVELOPMENT: 16.2

NUMBER OF LOTS: 15
MINIMUM LOT SIZE: 20,000 SQ. FT.

SEWER AND WATER SYSTEMS: Central

ZONING: MD-2

FLOOD ZONE DESIGNATION: "C"

TENTATIVE APPROVAL GRANTED: June 14, 2016

STAFF COMMENTARY:

Department of Development - Engineering

The Preliminary plans and hydrologic study have been reviewed by this office and an inspection was
made of the site.

It is recommended that Preliminary submittal be approved subject to the following:
Paving and Drainage

1. Additional elevation information is needed along approximately 40 feet of the ditch on the south side of Hickory St. between the detention storage area outfall pipe and the 24" cross drain culvert to ensure the ditch is graded to provide positive flow and capacity. Provide a cross-section for the Hickory Street ditch on the "Paving and Drainage Plan" showing this information.

Water and Sewer

2. Revise the "Sewer and Water Plan" to show a Fire Hydrant with required valve assembly between Lots #15 and #14.

3. Revise the "Sewer and Water Plan" to show a Fire Hydrant with required valve assembly in front of Lot #9 near the intersection of Medical Park Ct. and Medical Park Drive.

4. Revise the "Sewer and Water Plan" to include a sewer connection for Lot #1.

Stormwater

5. A detail for the proposed construction entrance is required, revise the "Stormwater Plan" to include a construction entrance detail.

Informational Items

6. All LADOTD comments regarding the T.I.A. must be addressed and approved by LADOTD before a work order will be issued.

7. Plans and specifications for the construction of the project’s water distribution lines and sewage collection lines have not yet been approved by the Department of Health and Hospitals as required.

No work order will be issued until the submitted plans and specifications are approved by the DHH.

No Maintenance Obligation is required since this an extension private subdivision.

Mandatory Developmental fees will be required at Final Submittal in accordance with Subdivision Regulatory Ordinance No. 499 since no public hearing was held prior to January 1, 2005.

Department of Development - Planning

Informational Items:

1. According to the revised plat, the streets within the subdivision will remain private.

2. Parish code requires that a land clearing permit be applied for and obtained through the Department of Planning prior to the developer receiving a work order in conjunction with the preliminary subdivision review process.
PRELIMINARY SUBDIVISION STAFF ANALYSIS REPORT

Mr. Keller,

On behalf of the developer for The Preserve at River Chase I am requesting that we have more time to respond to the comments received on 9/23/2016 from Mr. Watson. We request to postpone the hearing date for our Preliminary Subdivision Application to the November 9th 2016 Planning Commission Meeting date. Please acknowledge that the submittal deadline date for that meeting is still October 14, 2016 at 11:30 AM. If you have any questions about our development, please let us know.

Thanks,

Re: Pruden Creek S/D

Dear Mr. Keller:

As per our discussion on September 16th, I hereby request that the below item be placed on the old business agenda at the upcoming Planning and Zoning meeting:

Waiver of 5’ no access easement on rear portion/back half of Lot #40, Pruden Creek Subdivision.

If approved, it will be submitted with an Act of Correction for the plat.

Should you need further information, please do not hesitate to contact me.

Sincerely yours,
