RESOLUTION

RESOLUTION PLANNING COMMISSION SERIES NO. __________

TITLE: A RESOLUTION AUTHORIZING SOUTHERN LIGHT, LLC TO ENTER PARISH RIGHT-OF-WAY.

SUB-TITLE: A RESOLUTION GRANTING SOUTHERN LIGHT, LLC; 156 ST. ANTHONY STREET; MOBILE, AL 36603; PERMISSION TO ENTER PARISH RIGHT-OF-WAY, SPECIFICALLY KOOP DR. (ROAD ID# R04B010); MARION LANE (ROAD ID# R04B011); TAMMANY TRACE (ROAD ID# R11A001); AND EMILE STRAIN ROAD (ROAD ID# R04B002) FOR THE PURPOSE OF LAYING FIBER OPTIC CABLES.

WARD 4 DISTRICT 5

NOW, THEREFORE, BE IT RESOLVED, by the St. Tammany Parish Planning Commission that it hereby grants permission to the aforementioned petitioner to enter Parish right-of-way for the aforementioned purposes, subject to the following conditions:

1. That the improvements that will be undertaken will be at the sole expense of the petitioner.

2. That the petitioner agrees to accept full responsibility, financial and all other, for the damage and/or relocation of utilities currently located within Parish right-of-way.

3. That the petitioner shall submit plans prepared by a licensed engineer to the Department of Engineering for review and approval. Upon approval of plans and specifications by the Director of Engineering, the petitioner must notify the Department of Engineering prior to the commencement of any activity.

4. That should the petitioner commence work thereon, petitioner by such act acquiesces and acknowledges thereby that he will hold this Parish, its officials, agents, servants, and employees free and harmless from any liability or responsibility whatsoever in connection with the construction of the project. Petitioner will provide copy of Liability Insurance Policy including the naming of the Parish as an insured party. The insurance will remain in effect until the Parish releases the Performance Obligation.

5. That nothing herein shall be construed as a revocation of the dedication of the aforementioned right-of-way.

6. That no maintenance nor financial nor material nor assistance shall be provided by the Parish for the project nor the maintenance thereof, except for the inspection of the plans and specifications by the Department of Engineering to insure the construction complies with Parish specifications.

7. That the petitioner post a Performance Letter of Credit in the amount of $48,000 for a period of six (6) months.
8. That the petitioner and any assignees submit a Hold Harmless Agreement in connection with the construction of the project and utilization of the R.O.W. by (an) individual (s) until the time that the project is satisfactorily completed.

9. That the petitioner submit as-built drawings certifying that the fiber optic cables are constructed in accordance with the approved drawing(s).

10. That the petitioner submit all documentation required within SIX (6) months from date of adoption, additionally petitioner has two (2) years to complete all work on this project, if not completed within two (2) years, approval of this work will be required to reapply for permission.

TOWNSHIP: 6 South  PARISH COUNCIL DISTRICT: 3
RANGE: 10 East

TYPE OF DEVELOPMENT:  
- X SUBURBAN (Residential lots between 1-5 acres)
- RURAL (Low density residential lots 5 acres or more)
- OTHER (PUD, Multi-family, commercial or industrial)

GENERAL LOCATION: The property is located on the east side of Bunny Lane and south of Joiner-Wymer Road, west of Covington, Louisiana.

SURROUNDING LAND USES:
- North - low density residential
- South - low density residential
- East - low density residential
- West - low density residential

TOTAL ACRES IN DEVELOPMENT: 2.45

NUMBER OF LOTS/PARCELS: 2  TYPICAL LOT SIZE: 1.23 acres

ZONING: A-3 Suburban

REASONS FOR PUBLIC HEARING: Parcel being resubdivided is part of an existing minor subdivision

STAFF COMMENTARY:

Department of Development - Planning

The owner of the property is proposing to resubdivide an existing lot (Lot LL2) within a previously approved administrative minor subdivision into a total of two (2) lots; and since said proposal complies with parish code requirements, the staff has no objections to the proposed minor subdivision request.

Department of Engineering

ENGINEER/SURVEYOR: LS Land Surveying, L.L.C.

SECTION: 12  WARD: 2
TOWNSHIP: 5 South  PARISH COUNCIL DISTRICT: 3
RANGE: 10 East

TYPE OF DEVELOPMENT: _x_ SUBURBAN (Residential lots between 1-5 acres)
___ RURAL (Low density residential lots 5 acres or more)
___ OTHER (PUD, Multi-family, commercial or industrial)

GENERAL LOCATION: The property is located at the northeast corner of LA Highway 40 and LA Highway 1080, east of Folsom, Louisiana.

SURROUNDING LAND USES: North - low density residential
South - low density residential
East - low density residential
West - low density residential

TOTAL ACRES IN DEVELOPMENT: 6.21
NUMBER OF LOTS/PARCELS: 4  TYPICAL LOT SIZE: 1+ acres

ZONING: A-1 & A-2 Suburban

REASONS FOR PUBLIC HEARING: One or more parcels are being accessed by a private drive

STAFF COMMENTARY:

Department of Development - Planning

The owner is proposing to create four parcels from two parent parcels; and since the private drive will only provide access to one (1) parcel within the minor subdivision, said drive is not required to be built to a parish standard pursuant to Section 40-045.01 Minimum Standards for a Private Drive, of Subdivision Regulatory Ordinance No. 499. Therefore, the staff has no objections to the proposed minor subdivision request.

DATE FILE NO.
PRELIMINARY
SUBDIVISION
REVIEW
The Preliminary plans and hydrologic study have been reviewed by this office and an inspection was made of the site.

It is recommended that Preliminary submittal be approved subject to the following:

Drainage Comments:

a. Typical lot drainage arrows are needed. However, we understand that the lots will not all drain to the roadway (FRONT). Therefore, a waiver of this requirement needs to be requested;
b. Need culvert schedule for each lot;
c. Roadside ditches cannot be used for detention all in accordance with S/D Ordinance #499. Therefore, the hydrologic study must be revised to conform to #499.
d. State Geoid used;
e. Need a predial servitude of passage for North Money Hill Parkway from LA Hwy #21 to the south end of lot #8. The servitude must indicate meets & bounds and include the expanded width at LA Hwy #21. This predial servitude is needed on the plat to be recorded.

Stormwater Comments:
f. Maintain SWPPP on construction site to be available for SW inspections.

Traffic Comments:
g. A signage plan is needed;
h. A drainage and pavement plan is needed;
i. A detail of the intersection of Money Hill Parkway @ LA 21 is required, including required radii and turn lane(s) in accordance with previous correspondence and LA DOTD driveway permit.

3. No Maintenance Obligation is required since this project fronts on a State Highway.

4. No Mandatory Developmental fee is required at Final Submittal in accordance with Ordinance No. 04-0990 since a public hearing was held prior to January 1, 2005.

Department of Environmental Services

None

Department of Development - Planning

Informational Items:

1. Parish code requires that a land clearing permit be applied for and obtained through the Department of Development prior to the developer receiving a work order in conjunction with the preliminary subdivision review process.

Department of Engineering

1.   The Preliminary plans and hydrologic study have been reviewed by this office and an inspection was made of the site.

2.   It is recommended that Preliminary submittal be approved subject to the following:
    a.   Show Bench Mark on plat;
    b.   Road names are the same, check with 9-1-1 administrator;
    c.   Street names signs are GREEN background with WHITE LETTERING for private subdivision.
3. No Maintenance Obligation is required since this is an extension of a private subdivision.

4. No Mandatory Developmental fee is required at Final Submittal in accordance with Ordinance No. 04-0990 since a public hearing was held prior to January 1, 2005.

Informational Items:

**Department of Environmental Services**

1. Provide Tammany Utilities with a complete set of the water and sewer plans for review and comment.

2. Plans and specifications for the construction of the project’s water distribution lines and sewage collection lines have not yet been approved by the Department of Health and Hospitals as required.

3. No work order will be issued until the submitted plans and specifications are approved by the DHH.

**Department of Development - Planning**

None
1. The Preliminary plans and hydrologic study have been reviewed by this office and an inspection was made of the site.

2. It is recommended that Preliminary submittal be approved subject to the following:
   a. Show size of culvert for subsurface drainage under proposed parking lot St. Tammany Parish Learning Center;
   b. Show invert of the ditch tying into the pond on Provision Landing;
c. Show minimum width of five (5) feet for working area on typical linear detention pond (see sheet No. 2T);
d. Provide cut/fill calcs. for area six (6) since some areas are below the adjacent B.F.E. of 27.0 M.S.L.;
e. Enlarge and label watershed schematic model to make legible;
f. Revise plat from “Parish Engineer” to “Director of Engineering”;
g. All entrances should be constructed with 1 inbound lane and 2 outbound lanes (exclusive left and right turn lanes) coming from the development. According to the traffic study, at full build out, there will also be a 2nd left turn lane required coming out of the development at 2 of the entrances. It is recommended that these entrances be built wide enough to accommodate the addition of these dual left turn lanes at a later date;
h. Left turn access into the STP “Park & Ride” from Tamanan Way can be allowed with an exclusive left turn bay. However, left turn access out should be prohibited. Vehicles should turn right and make a “U” turn via the “round about” if they wish to access LA 434 from the Park & Ride.

I. Label the “Park & Ride” area;
j. The original TTA showed the need for left turn lanes off of the LA 434, however those turn lanes are not shown in the plans;
k. Detailed plans must be submitted and approved for all required turn lanes on LA 434;
l. Need Legal Description on the plat.

3. No Maintenance Obligation is required since this projects fronts on a State Highway.

4. Mandatory Developmental fees will be required at Final Submittal in accordance with Ordinance No. 04-0990 since no public hearing was held prior to January 1, 2005.

**Department of Environmental Services**

1. Provide Tammany Utilities with a complete set of the water and sewer plans for review and comment.

2. Plans and specifications for the construction of the project’s water distribution lines and sewage collection lines have not yet been approved by the Department of Health and Hospitals as required.

3. No work order will be issued until the submitted plans and specifications are approved by the DHH.

FINAL

SUBDIVISION

REVIEW
FINAL SUBDIVISION STAFF ANALYSIS REPORT
(As of February 4, 2014)

CASE NO.: SD14-01-001F

SUBDIVISION NAME: The Estates of Money Hill Plantation

DEVELOPER: Money Hill Plantation, LLC
100 Country Club Drive
Abita Springs, LA 70420

SECTIONS 25&36  WARD: 5
TOWNSHIP 5 South  PARISH COUNCIL DISTRICT: 6
RANGE 12 East

TYPE OF DEVELOPMENT: ___ URBAN (Residential lots less than 1 acre)
   X SUBURBAN (Residential lots between 1-5 acres)
   ___ RURAL (Residential Farm Tract lots 5 acres plus)
   ___ OTHER (Multi family, commercial or industrial)(PUD)

TOTAL ACRES IN DEVELOPMENT: 54.027

NUMBER OF LOTS: 10  AVERAGE LOT SIZE: 5± Acres

SEWER AND WATER SYSTEMS: INDIVIDUAL

ZONING: A-2 Suburban

FLOOD ZONE DESIGNATION: “C”

STAFF COMMENTARY:

Department of Engineering

1. Periodic inspections have been made by this office during construction and the final inspection was made on January 31, 2014. The inspection disclosed that the 2" base course of asphalt has been constructed with the wearing course to follow in the near future. Road shoulders need final grading. Roadside drainage is functioning.

2. The following uncompleted items existed at the time of the final inspection:
   a. Need base test results;
   b. Need asphalt test results;
   c. Need floppy disk or latest format;
   d. Need tabulation of driveway culvert sizes & type of material;
e. Need engineer’s stamp on As-Built drawings;
f. Direction of drainage on individual lots is needed. However, some lots will not drain to the roadway and will not drain to a “drainage servitude”. The developer is requesting a waiver of this requirement because of the rolling terrain. The Department of Engineering has no objection to this waiver. A 2/3 affirmative vote of the Planning Commission membership is required for a waiver;
g. Ditch invert elevations at each property corner are needed;
h. 9-1-1 addresses are needed on each lot;
i. Developer’s signature is needed on the plat;
j. A pedial servitude for roadway is needed from lot# 8 (turn around) to LA HWY 21 to be shown on the plat;
k. Revise the certification by removing the two (2) paragraphs above DEDICATION;
l. Make a note on the plat and paving & drainage drawing that 2” of asphalt is existing with an additional two (2) inches at a later date.
m. The hydrology study needs to be revised to conform with S/D Ordinance #499.

3. Should the Planning Commission approve the request for final approval a Performance Obligation will be required for the infrastructure in the amount of 2956 liner feet x 1/4 x $40.00 per linear foot = $29,000 for a period of six (6) months. No Warranty Obligation is required at this time.

4. The staff recommends approval of the proposed final subdivision request subject to the developer complying with all comments and no plats to be signed until all items are satisfactorily completed.

5. No mandatory development fees are required since a public hearing was held prior to January 1.

TOWNSHIP 7 South PARISH COUNCIL DISTRICT: 3  
RANGE 10 East

TYPE OF DEVELOPMENT: URBAN (Residential lots less than 1 acre)  
SUBURBAN (Residential lots between 1-5 acres)  
RURAL (Residential Farm Tract lots 5 acres plus)  
OTHER (Multi family, commercial or industrial)(PUD)

TOTAL ACRES IN DEVELOPMENT: 9.9

NUMBER OF LOTS: 8 AVERAGE LOT SIZE: 13,475 Sq. Ft.

SEWER AND WATER SYSTEMS: Community (Off Site)

ZONING: A4

FLOOD ZONE DESIGNATION: “A”

STAFF COMMENTARY:

Department of Engineering

1. Periodic inspections have been made by this office during construction and the final inspection was made on January 31, 2014. The inspection disclosed that all concrete roads are constructed, road shoulders are constructed and the roadside ditches are functioning. The entrance median needs to be revised.

2. The following uncompleted items existed at the time of the final inspection:
   a. Need floppy disk or latest format;
   b. Need ditch invert elevations at each property corner;
   c. Need developer’s signature on plat.
   d. Need base test results;
   e. Need concrete test results.
3. Should the Planning Commission approve the request for final approval a Warranty Obligation will be required for the infrastructure in the amount of 766 linear feet x $25.00 per linear foot = $19,200 for a period of five (5) years.

4. The staff recommends approval of the proposed final subdivision request subject to the developer complying with all comments and no plats to be signed until all items are satisfactorily completed.

5. Mandatory Developmental Fees are required as follows:

Road Impact Fee = $1,077 per lot x 8 lots = $8,616
Drainage Impact Fee = $1,114 per lot x 8 lots = $8,912

Fees are due before subdivision plats can be signed.

**Department of Environmental Services**

1. Provide Tammany Utilities with a complete set of the water and sewer as-built plans.

2. Fire hydrants must be painted according to parish code. Upon completion of the water system, the fire hydrants shall be tested for gpm capacity. The barrel of each fire hydrant shall be painted chrome yellow and the top and the nozzle caps of each hydrant are to be painted as follows:
   - Class A (1,000 gpm or greater): Green
   - Class B (500-1,000 gpm): Orange
   - Class C (<500 gpm): Red

3. A negative bacteriological report relative to the construction of the project’s water system has not been issued by the LA DH&H/OPH as required by Section 40-070.0 of the Subdivision Regulatory Ordinance No. 499.

4. A letter of acceptance and responsibility for the perpetual maintenance and operation of the water and sewer system has not been issued by the utility provider as required.

5. The staff recommends approval of the proposed final subdivision request subject to the developer complying with all comments and no plats are to be signed until all items are satisfactorily completed.

OLD BUSINESS
TENTATIVE SUBDIVISION STAFF ANALYSIS REPORT
(As of February 4, 2014)

CASE NO.:  SD08-06-008

PROPOSED SUBDIVISION NAME:  TAMANEND

DEVELOPER:  Weyerhaeuser Real Estate Development Co.

ENGINEER/SURVEYOR:  Kelly McHugh & Associates, Inc.

SECTION:  3, 4 & 9  WARD:  7 & 9
TOWNSHIP:  8 South  PARISH COUNCIL DISTRICT:  7 & 11
RANGE:  13 East

TYPE OF DEVELOPMENT:
- URBAN (Residential lots less than 1 acre)
- SUBURBAN (Residential lots between 1-5 acres)
- RURAL (Residential Farm Tract lots 5 acres plus)
- OTHER (PUD, Multi-family, commercial or industrial)

GENERAL LOCATION:  The property is located on the east side of LA Highway 434, approximately 1/2 north of the intersection with Folgers Drive, north of Lacombe, LA.

SURROUNDING LAND USES:
- North:  rural residential
- South:  undeveloped
- East:  undeveloped
- West:  undeveloped

TOTAL ACRES IN DEVELOPMENT:  180.3 (Phase 1) & 708+/- (future phases)

NUMBER OF lots:  6 (Phase 1)  TYPICAL LOT SIZE:  Varies

SEWER AND WATER SYSTEMS:  Central

PROPOSED ZONING:  Planned Unit Development (P.U.D.)

FLOOD ZONE DESIGNATION:  C

STAFF COMMENTARY:

OVERVIEW:

This proposal represents a revision to the original tentative subdivision plat that was approved by the commission back in June of 2008, when at the time the development was known as “University Square”.

The original proposal comprised four (4) phases consisting of 919 lots. However, the current revised plat now envisions a phase 1 that will include a town center, a college and high school campus, as well as some
residential units. All other areas depicted on the revised plat are labeled as future phases since the developer has not yet determined the layouts for said future phases.

**Department of Planning**

1. The zoning designation in the information block on the plat indicates that said zoning “varies”, when in fact, said zoning is “Planned Unit Development”. Therefore, the plat needs to be corrected.

2. Restrictive covenant number three (3) states that the setbacks will vary; however, since this is a PUD, the setbacks should be site specific for each lot or phase. Therefore, the developer needs to provide the setbacks on the plat for the phase 1 lots.

The staff recommends approval of the revised tentative plat subject to the developer complying with all staff comments.

**Department of Engineering**

1. The attached letter has been supplied with respect to the traffic study for the development. Until such time that the revised TIA is received, Phase 2 will not receive approval. This submittal for Tentative approval of the roads only is approved with the understanding that should the revised TIA require additional upgrades to the roadways, those upgrades will take place at the appropriate time.

2. A DOTD driveway permit is required. All turn lanes as identified in the TIA shall conform to DOTD standards and requirements, including but not limited to, required storage lengths. Any other requirements that are put in place by DOTD as part of the driveway permit process shall also be the sole responsibility of the developer.

3. Add the following statement to Restrictive Covenant No. 6 “or one (1) foot above crown of street whichever is greatest.

**Informational Items:**

1. Need Legal Description on Preliminary Plat.

St. Tammany Parish
Department of Engineering
Attn: Ms. Rebecca Lala, PE
P.O. Box 628
Covington, LA 70434

RE: Tamanend Development
formerly Highway 434 Property Development
TIA Amendment

Rebecca,

The revised master plan layout prepared by Reich Associates, and presently before the St. Tammany Parish Planning Commission, of Tamanend Development (formerly Highway 434 Property Development) has negligible density & traffic difference with regard to the Phase 1 town center, college & high school campus, and residential units; However, there is also an added proposed Phase 2 business park with office and warehouse area to the development.

We will amend the original traffic study to incorporate the proposed Phase 2 new offices and warehouses into the overall traffic study when the Phase 2 business park is submitted for tentative approval. The results of the original traffic analysis indicated that with the recommended roadway and intersection improvements, all the intersections will operate at acceptable levels of service in each of the Phase 1 development areas, and we expect that the local & global recommended traffic improvements will accommodate the revised development layout.

Attached please find the original and revised site plan for your use.

Please phone us at 626-5611 if you have any questions.

Sincerely,

Stephen Chandler, PE

Re: Enter Parish Right of Way (Res. No. 12-055)
Specifically Portion of Lindberg Dr.
For the Purpose of Laying & Connecting an 8" PVC Water Line

Honorable Commissioners:

The above referenced resolution was adopted on July 10, 2012.

The resolution states that the petitioner must submit all documentation within six (6) months from the date of adoption.

The petitioner has not furnished all documentation and is requesting an extension of time. See attached letter dated January 30, 2014 from the petitioner’s engineer.

Since the time has expired for the petitioner to furnish all documentation, the following action is required by the Planning Commission to allow the petitioner to proceed with the project.

The Department of Engineering has no objection to extension.

**ACTION REQUIRED:** Extend adoption date to 02/11/2014, thereby extending the six (6) months submittal of documentation to 08/11/2014 and the completion date to 02/11/16.

Sincerely,

Charles E. Williams, P.E.
Parish Engineer/Director of Engineering

Subject: Right to enter right of way ---12-055 McKinney & Lindberg Road

Mr. Earl,

We would respectfully request an extension of time for 12-055 right to enter right of way for McKinney & Lindberg Dr. near Slidell. This project has involved many different parties to extend water service to the area and coordination has taken longer than expected. The plans have been reviewed and we expect construction to begin within 120 days.

Thanking you in advance.

Sincerely,

Sean M. Burkes, P.E., P.L.S.

Re: Enter Parish Right of Way (Res. No. 12-057)
Specifically Portion of McKinney Rd.
For the Purpose of Laying & Connecting a 10" PVC Sewer Line

Honorable Commissioners:

The above referenced resolution was adopted on July 10, 2012.

The resolution states that the petitioner must submit all documentation within six (6) months from the date of adoption.

The petitioner has not furnished all documentation and is requesting an extension of time. See attached letter dated January 22, 2014 from City of Slidell.

Since the time has expired for the petitioner to furnish all documentation, the following action is required by the Planning Commission to allow the petitioner to proceed with the project.

The Department of Engineering has no objection to extension.

ACTION REQUIRED: 

Extend adoption date to 02/11/2014, thereby extending the six (6) months submittal of documentation to 08/10/2014 and the completion date to 02/11/16.

Sincerely,

Eddie Williams

RE: R/W entry, Resolution 12-057  
   Specifically Portion of McKinney Rd.  
   For the Purpose of Laying & Connecting a 10" PVC Sewer Line  
   Lindberg Dr. Sewer Improvements Project  
   Slidell File No. 300-95  

Dear Mr. Earl:  

The City of Slidell has awarded the above referenced project to Leon Lowe & Sons. We are currently awaiting execution of the contract.  

The hold harmless agreement and acknowledgement forms are also being executed. In addition, the contractor is adding St Tammany Parish as an additional insured on the insurance certificate and on their performance bond. I will send all these to you as soon as they are finalized. Design drawings have already been submitted to your office for review. As noted previously, the construction time is 120 calendar days.  

For these reasons, please accept this request to extend the permission to enter right of way granted in Parish Resolution 12-057 for another 12 months.  

Please contact me if you have any questions regarding this request.  

Sincerely,
