EXISTING LAND USE:
Existing development? No
Multi occupancy development? No

COMPREHENSIVE PLAN:
Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:
CHARACTERISTICS OF THE PROPOSED DEVELOPMENT
The petitioner is requesting a major Amendment to the originally approved PUD (Planned Unit Development Overlay) and the addition of 22.30 acres of PUD (Planned Unit Development Overlay) to the development. The commercial subdivision is now proposed to be developed with a total of 20 lots (originally approved to be developed with a total of 23 lots). The lots are identified on the plan, by 3 different colors representing the maximum height allowable for each area (see below, charts depicting the differences between the original approval and new proposal). Note that the maximum allowable height in Area 2 is proposed to be between 40 feet & 60 feet. The rear yard setbacks have been adjusted, according to the maximum height allowable within Area 2 and by taking into consideration that a portion of Area 2 is directly abutting Versailles Residential Subdivision (see below, chart).

The site will be accessed through Holiday Square Blvd and an extension of Holiday Square Blvd connecting to Holiday Blvd, to the north of the site.

A list of permitted and prohibited uses has been provided as required. Also, as indicated on the plan, the landscaping, lighting, parking and signage will meet all Parish Requirements. Note that a land clearing permit and trees survey will have to be submitted for each parcel, before application for building permit.

GREENSPACE
The proposed amendment and addition will create an increase of the total acreage of greenspace from 18.55 acres (25%) to 23.95 acres (25.86%). The most important environmental feature of the property, Bayou Monga and its surroundings, will remain undeveloped and preserved as part of the required greenspace for the PUD. Additional greenspace is also proposed to be provided, in the rear of lot 16, for detention purposes (identified as lot 21). As shown on the plan, a 4' sidewalk is proposed to be provided along Versailles Business Parkway & Holiday Square Blvd, allowing pedestrians to access the different businesses within the development.

COMPREHENSIVE PLAN ANALYSIS
The 2025 future land use plan designates the area to be developed with residential uses. The proposed development does not meet the 2025 future land use plan, considering that it is proposed to be entirely developed with commercial uses. However, considering the proximity of the interstate and the presence of existing commercial businesses directly abutting the site, staff feels that the proposed PUD is appropriate for the area.

STAFF RECOMMENDATION:
The staff recommends that the request for a Major Amendment to the PUD (Planned Unit Development Overlay) & addition of 22.30 acres of PUD (Planned Unit Development Overlay) be approved.

ST. TAMMANY PARISH COUNCIL

ORDINANCE

ORDINANCE CALENDAR NO. _______ ORDINANCE COUNCIL SERIES NO. 14-____

COUNCIL SPONSOR _______________ PROVIDED BY DEVELOPMENT

INTRODUCED BY _______________ SECONDED BY _______________

ON THE ____ DAY OF ____________, 2014

ORDINANCE TO AMEND THE ST. TAMMANY PARISH UNIFIED DEVELOPMENT CODE, VOLUME I (ZONING), SECTION 6.01 PLANNED UNIT DEVELOPMENT OVERLAY RELATIVE TO OPEN SPACE & MAJOR AMENDMENT TO THE PUD (ZC14-08-075).

WHEREAS, it is necessary to amend the St. Tammany Parish Unified Development Code, Volume I (Zoning), specifically to amend the standards for major amendment and provide regulation for open space within the PUD Planned Unit Development Overlay.

NOW, THEREFORE, the Parish of St. Tammany hereby ordains, that it amends the St. Tammany Unified Development Code, Volume I (Zoning), Section 2, Definitions by amending the following terms to the existing definitions:

Open Space: An unoccupied space open to the sky on the same lot with the building, or in the case of a PUD overlay dedicated open space as per the PUD plan; land and/or water area retained for use as active or passive recreation areas or for resource protection in an essentially undeveloped state.

THE PARISH OF ST. TAMMANY HEREBY ORDAINS, that it amends the St. Tammany Unified Development Code, Volume I (Zoning), Section 6.01 Planned Unit Development Overlay, specifically Section 6.0103 A. 8. c. Maximum total land area, Minimum public and private open space, streets, off-street parking and loading areas.

c. Green Open space (as defined in Article 2 – Definitions)
1. A minimum of 25% of open space is required for all PUDs.
2. In no case shall required open space along the existing road frontage be less than 1/4 acre in area and less than 100 feet in width.
3. In no case shall required open space along other boundary lines (without road frontage) be less than 1/4 acre in area and less than 50 feet in width.
4. No more than fifty percent (50%) of the required open space shall be satisfied using Limited Use Land (herein defined). Limited Use Land shall mean land which is inundated by water for a period of greater than four (4) months within each calendar year. Two (2) acres of Limited Use Land are required to satisfy one (1) acre of required open space.
5. Active recreation shall include such comparable uses as playgrounds, ball fields, swimming pools, tennis courts, etc.
6. Passive recreational uses shall include comparable uses such as picnic areas, permeable nature trails, undisturbed habitat, etc.
THE PARISH OF ST. TAMMANY HEREBY ORDAINS, that it amends the St. Tammany Unified Development Code, Volume I (Zoning), Section 6.01 Planned Unit Development Overlay, specifically Section 6.0104 Amendment to the Planned Unit Overlay as follows:

6.0104 AMENDMENT TO THE PLANNED UNIT DEVELOPMENT
Amendments to the PUD shall be classified as either major or minor in character.

A. Major amendments to the PUD shall require the developer to submit revised plans to the Department of Development Planning. Upon review of the proposed amendments to the PUD by the staff, a public hearing shall be established for the review of the major changes by the Zoning Commission.

The Zoning Commission shall have the authority to review and approve all major changes to the PUD. Public advertisement shall be required at least fifteen (15) days prior to the meeting date and shall run in the official journal of the Parish at least twice during that time period.

Furthermore, the developer shall pay additional the processing fees according to the St. Tammany Parish Code of Ordinances, Section 1-0212.063 for procurement of his the proposed major PUD changes. The additional fees shall be established by the Department of Planning upon initial review of the proposed amendments.

Major changes to the PUD plan include changes to:

1. The use of the land,
2. The use, bulk and location of significant buildings and structures,
3. The location of open spaces
4. A cumulative reduction in the quantity or quality of open space and the total of the originally approved overall acreage of open space by more than 5% and/or below the minimum of 25% of required open space,
5. An cumulative increase in the intensity of use and/or in the density of a development by more than 5% of the total of the originally approved overall acreage and/or,
6. A setback adjustment for an entire phase and/or section of a subdivision of 10 lots or more. All other request of setback adjustment affecting less than 10 lots will have to be appealed to the Board of Adjustments.
REPEAL: All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

SEVERABILITY: If any provision of this Ordinance shall be held to be invalid, such invalidity shall not affect other provisions herein which can be given effect without the invalid provision and to this end the provisions of this Ordinance are hereby declared to be severable.

EFFECTIVE DATE: This Ordinance shall become effective fifteen (15) days after adoption.

ORDINANCE

ORDINANCE CALENDAR NO: 5200

COUNCIL SPONSOR: MR. BELLISARIO

INTRODUCED BY: MR. STEFANCIK

Provided by: Council Attorney

SECONDED BY: MR. CANULETTE

ON THE 5 DAY OF JUNE, 2014

ORDINANCE TO AMEND THE CODE OF ORDINANCES
APPENDIX C, UNIFIED DEVELOPMENT CODE, ARTICLE 2,
DEFINITIONS, RELATIVE TO COMMUNITY HOME (2014-09-074)

WHEREAS, St. Tammany Parish has adopted a Unified Development Code as Appendix C to the Code of Ordinances; and

WHEREAS, included in said Appendix is a list of definitions to be used in the interpretation of said Code; and

WHEREAS, the term Community Home needs to be amended to conform with federal law to also include the definition of a Shelter Care Home as per Title 48, Chapter 88, of the State of Louisiana Administrative Code.

THE PARISH OF ST. TAMMANY HEREBY ORDAINS: that the Code of Ordinances, Appendix C, Unified Development Code, Article 2, Definitions, is hereby amended to read as follows:

Community Home:

Residential living options that are certified, licensed, or monitored by the Louisiana Department of Health and Human Resources ("DHHR") to provide residential services to six or fewer persons who are disabled (see Disabled Person). Community homes that provide for six or fewer persons who are mentally retarded or developmentally disabled shall have twenty-four hour supervision including at least one but not more than two twenty-four hour attendants. Such a residential facility shall be considered a single family unit. Notwithstanding the foregoing, in accordance with federal law, the definition (including the interpretation and application) of the term "Community Home" in the Unified Development Code shall also include the definition of "Shelter Care Home" as per Title 48, Chapter 88, of the State of Louisiana Administrative Code (in current form and as hereafter amended), but in no event shall said "Community Home" have more than ten (10) residents under any circumstances (or such lesser amount as allowed by the DHHR license).

REPEAL: All ordinances or parts of Ordinances in conflict herewith are hereby repealed.

SEVERABILITY: If any provision of this Ordinance shall be held to be invalid, such invalidity shall not affect other provisions herein which can be given effect without the invalid provision and to this end the provisions of this Ordinance are hereby declared to be severable.

EFFECTIVE DATE: This Ordinance shall become effective fifteen (15) days after adoption.

ORDINANCE COUNCIL SERIES NO: ________
PROVIDED BY: COUNCIL ATTORNEY
SECONDED BY: MR. CANULETTE

ON THE 5 DAY OF JUNE, 2014

ORDINANCE TO AMEND THE CODE OF ORDINANCES,
APPENDIX C, UNIFIED DEVELOPMENT CODE, ARTICLE 7
SUPPLEMENTAL DISTRICT REGULATIONS, SECTION 7.06
ACCESSORY BUILDINGS AND STRUCTURES, 7.0602 BOAT
HOUSES AND BOAT SLIPS TO INCREASE THE PERMITTED SIZE
OF BOAT HOUSES (2014-09-07)

WHEREAS, the St. Tammany Parish Code of Ordinances, Appendix C, Unified Development Code, Article 7 Supplemental District Regulations, Section 7.06 Accessory Buildings and Structures, 7.0602 Boat Houses and Boat Slips, regulates the size of a boat house that can be constructed in residential districts; and

WHEREAS, the existing regulations prevents the construction of a boat house exceeding eight hundred (800) square feet; and

WHEREAS, considering the increased size of the boats being utilized in St. Tammany in residential districts, it is deemed necessary to increase the permitted size of boat houses.

THE PARISH OF ST. TAMMANY HEREBY ORDAINS: that the Code of Ordinances, Appendix C, Unified Development Code, Article 7 Supplemental District Regulations, Section 7.06 Accessory Buildings and Structures, 7.0602 Boat Houses and Boat Slips, is hereby amended to read as follows:

Article 7 Supplemental District Regulations

Section 7.06 Accessory Buildings and Structures

7.0602 Boat Houses and Boat Slips

The following regulations shall apply to accessory boat houses and boat slips in residential districts:

A. A boat house may not be used as a dwelling, guest house, or servants quarters unless specifically permitted by other sections of this ordinance.

B. The height of a boat house shall not exceed twenty (20) feet as measured from the required lot elevation.

C. No boat house shall exceed twenty (20) feet in width nor forty (40) feet in depth seven and one-half percent (7 1/2 %) of the area of the lot on which the main building is situated or sixteen hundred (1,600) square feet whichever is greater.

D. Boat houses and boat slips, together with other accessory buildings, may occupy no more than fifty (50) percent of the required rear yard.

E. Bulkheads, pilings, breakwaters and other similar structures shall not be located beyond the established shoreline and shall conform to all standards established by applicable regulatory agencies.

F. Piers, docks, and other similar structures shall be located by and shall conform to all standards established by applicable regulatory agencies.

REPEAL: All ordinances or parts of Ordinances in conflict herewith are hereby repealed.
SEVERABILITY: If any provision of this Ordinance shall be held to be invalid, such invalidity shall not affect other provisions herein which can be given effect without the invalid provision and to this end the provisions of this Ordinance are hereby declared to be severable.

EFFECTIVE DATE: This Ordinance shall become effective fifteen (15) days after adoption.

EXISTING LAND USE: Yes
Multi occupancy development? No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from A-2 (Suburban District) to ED-1 (Primary Education District). The site is located on the south side of Hickory Drive, west of LA Highway 41. The 2025 Future Land Use Plan calls for the area to be developed with residential uses.

Note: There is an existing commercial structure on the site which was previously operated as a daycare under a Conditional Use Permit (CP 06-05-091). It appears that the requested rezoning is an attempt to bring the existing structure into compliance with the appropriate zoning district in order to resume operation.

Staff does not object to the requested rezoning.

STAFF RECOMMENDATION:
The staff recommends that the request for an ED-1 (Primary Education District) designation be approved.

<td>NC-4 Neighborhood Institutional District</td>
</tr>
</tbody>
</table>

EXISTING LAND USE:
Existing development? Yes
Multi occupancy development? No

COMPREHENSIVE PLAN:
Commercial - Sales outlets for goods and services. Several levels or forms of commercial structures include: limited or specialty; neighborhood service centers; generous “highway commercial” uses; offices; public uses; planned mixed commercial and residential centers, and the traditional village or town central business district.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from HC-2 (Highway Commercial District) to HC-2A (Highway Commercial District). The site is located on the east side of US Highway 190, south of Kane Lane, being 7037 Highway 190, Covington. The 2025 Future Land Use Plan calls for the area to be developed with commercial uses. The requested zoning change to HC-2A would not allow for more intense uses on the site; however, it would allow for an increase in the maximum building size from 40,000 square feet to 75,000 square. Considering the size of the site, staff does not have any objections to the request.

STAFF RECOMMENDATION:
The staff recommends that the request for a HC-2A (Highway Commercial District) designation be approved.

EXISTING LAND USE:
Existing development? Yes  Multi occupancy development? No

COMPREHENSIVE PLAN:
Commercial - Sales outlets for goods and services. Several levels or forms of commercial structures include: limited or specialty; neighborhood service centers; generous “highway commercial” uses; offices; public uses; planned mixed commercial and residential centers, and the traditional village or town central business district.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from HC-2 (Highway Commercial District) to I-2 (Industrial District). The site is located on the north side of Ben Thomas Road, west of US Highway 11, being 37407 Ben Thomas Road, Slidell. The 2025 future land use plan calls for the area to be developed with commercial uses. Staff does not have any objection to the request, considering that the site is currently developed with an office warehouse.

Note that the site was zoned M-1 Light Industrial District before the comprehensive rezoning.

STAFF RECOMMENDATION:
The staff recommends that the request for an I-2 (Industrial District) designation be approved.

COMPREHENSIVE PLAN:
Commercial - Sales outlets for goods and services. Several levels or forms of commercial structures include: limited or specialty; neighborhood service centers; generous “highway commercial” uses; offices; public uses; planned mixed commercial and residential centers, and the traditional village or town central business district.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from A-4 (Single-Family Residential District) to I-2 (Industrial District). The site is located on the south side of Ben Thomas Road, west of US Highway 11. The 2025 future land use plan calls for the area to be developed with commercial uses. Staff is not completely opposed to the request considering the presence of office warehouses on the north and east sides of the site. However, considering the small size of the property, an I-1 Industrial zoning district may be more appropriate for the site.

Note that the site was zoned M-1 Light Industrial District before the comprehensive rezoning.

STAFF RECOMMENDATION:
The staff recommends that the request for an I-2 (Industrial District) designation be denied.

COMPREHENSIVE PLAN:
Industrial - The processing, packaging, delivery or production of goods or services, allowed at various types of and levels of activity. Such activities may include governmental, research, archival or medical.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from A-4 (Single-Family Residential District) & I-2 (Industrial District) to I-2 (Industrial District). The site is located south of Eden Street, east of Industry Park, west of Nursery Street. The 2025 future land use plan calls for the area to be developed with industrial uses. Staff does not have any objection to the request, considering that the site is directly abutting industrial uses, zoned I-2 Industrial District.

Note that the site was rezoned to M-2 Intermediate Industrial (ZC09-02-004) before the Comprehensive Rezoning.

STAFF RECOMMENDATION:
The staff recommends that the request for an I-2 (Industrial District) designation be approved.

EXISTING LAND USE:
Existing development? No
Multi occupancy development? No

COMPREHENSIVE PLAN:

Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as “village or town residential” may include mixed uses and would have the highest number of units per acre, while “Rural residential” would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from A-3 (Suburban District) to A-3 (Suburban District) & MHO (Manufactured Housing Overlay). The site is located on the east side of Trap Street, south of Francis Street, north of Bobby Jones Blvd, being lots 15 & 16, Square 16, Hillcrest Country Club. The 2025 Future Land Use Plan calls for the area to be developed with residential uses including manufactured homes. There are many mobile homes in the immediate vicinity. Staff does not object to the request.

STAFF RECOMMENDATION:
The staff recommends that the request for a MHO (Manufactured Housing Overlay) designation be approved.

ST. TAMMANY PARISH COUNCIL
ORDINANCE

ORDINANCE CALENDAR NO. __________ ORDINANCE COUNCIL SERIES NO. 14-___
COUNCIL SPONSOR__________________ PROVIDED BY _DEVELOPMENT_
INTRODUCED BY ____________________ SECONDED BY __________
ON THE ____ DAY OF _____________, 2014

ORDINANCE TO AMEND THE ST. TAMMANY PARISH UNIFIED
DEVELOPMENT CODE VOLUME 1 (ZONING), SECTION 7
SUPPLEMENTAL DISTRICT REGULATIONS RELATIVE TO
ADDDING A SECTION TO ESTABLISH THE TREE BANK PROGRAM
(ZC14-09-085).

WHEREAS, St. Tammany Parish Government recognizes the importance of maintaining
the parish’s overall tree canopy balance because it contributes to the quality of life and
environmental health of the community; and

WHEREAS, St. Tammany Parish Government has established regulations in the Unified
Development Code to preserve protected trees and seeks to identify options during the
development planning process to save or mitigate the impact to protected tree canopy; and

WHEREAS, St. Tammany Parish Government wishes to establish a Tree Bank Program
as an additional option when other mitigation efforts outlined in the landscape ordinance are
infeasible.

THE PARISH OF ST. TAMMANY HEREBY ORDAINS that it amends the St.
Tammany Unified Development Code, Volume I (Zoning), Section 7 Supplemental District
Regulations, specifically Section 7.0105 C Removal of Live Oak Trees.

6. Appeal: The property owner or owner’s authorized representative may appeal the
denial of the land clearing application to remove an oak tree to the Board of Adjustment.
The board may grant a variance to remove live oak trees pursuant to the criteria as
established in Section 7.0105C et al. The board may also require the applicant to provide
compensation for the removal of said live oak trees, which may include:

a. replacing the removed trees with either the same number, or more

b. establishing the caliper of trees to be replanted

c. planting a divergence of Class A trees, including live oaks, to replace the trees;
and as an alternative to replacing trees on-site

d. payment to the Tree Bank Program require the applicant to donate trees to a
non-profit organization in St. Tammany Parish for planting
G. Tree Bank Program

a. Purpose. The purpose of the Tree Bank Program is to maintain the overall tree canopy balance within St. Tammany Parish by assessing fees for affected tree canopy in order to fund mitigation projects within the Parish.

b. Mitigation. Mitigation is not permitted outright, but shall be used as a last resort. If on-site mitigation is infeasible, where site conditions preclude compliance with the landscape ordinance, the property owner or owner’s authorized representative shall pay into the parish’s Tree Bank Program as determined by the Department of Development or the Board of Adjustments.

c. Site Assessment and Fee. The Department of Development shall conduct an assessment of the affected trees and calculate fees due according to a formula that will be based on industry standards. The formula is provided in Section 2-009.00 Parish Fees and Service Charges of the Parish Code of Ordinances.

d. Fee Collection. St. Tammany Parish shall establish an escrow account, as deemed necessary by the Director of Finance. All fees collected under the Tree Bank Program are to be immediately deposited into the escrow account.

e. Fee Expenditure. The funds collected under the Tree Bank Program are to be utilized for the purpose of landscaping green spaces on public land such as public rights-of-way, boulevards, parks, etc. Projects that provide additional benefits such as water quality, storm water runoff and erosion control are encouraged. The Director of Development or an authorized designee must review and approve project scopes for eligibility in accordance with the standards of this section before Tree Bank Program funds can be utilized.
ORDINANCE CALENDAR NUMBER: 
ORDINANCE COUNCIL SERIES NO. 
PAGE 3 OF 3 

REPEAL: All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

SEVERABILITY: If any provision of this Ordinance shall be held to be invalid, such invalidity shall not affect other provisions herein which can be given effect without the invalid provision and to this end the provisions of this Ordinance are hereby declared to be severable.

EFFECTIVE DATE: This Ordinance shall become effective fifteen (15) days after adoption.

Existing development? Yes  Multi occupancy development? Yes

STAFF COMMENTS:
A conditional use permit was originally approved for the a 88,110 sq.ft. Retail Shopping Center, on the subject site. The Louisiana Highway Department of Transportation (DOT) informed the owner of the site that road improvements will be taking place along Hwy 21, which will affect most of the required 50’ buffer and parking setback of the proposed development (see attached drawing). Considering that the road improvement will require the State to acquire most of the first 50’ of the property along Hwy 21, the petitioner is requesting a waiver of most of the required 50’ buffer and parking setback and to only provide 10 Class A & 10 Class B trees within the remaining portion of the front landscape buffer. As a result of the taking of the front planting buffer from the DOT, most of the proposed parking lot will then be directly abutting the front property line.

As originally proposed, drainage ponds were to be provided within the greenspace area, to accommodate the drainage requirements (See attach plan). The revised plan shows that subsurface drainage will be provided on site, which will connect to the State drainage provided along Hwy 21.

Since the approval of the proposed development, a flat work permit has been issued for the construction of the parking lot. Considering the large size of the site, and that the construction of the facility has not taken place, staff feels that the proposed development could be reconfigured in order to meet the PCO buffer and setback requirements.

STAFF RECOMMENDATIONS:
The staff recommends denial of this request.

If the Commission wishes to recommend approval, it should be subject to all applicable regulations and the following conditions:
1. Meet all required Traffic improvements before occupancy, as originally approved under the TIA.
2. Provide the required landscaping on the north, south and west sides of the property and within the parking area.
3. Access ways through the periphery of an off-street parking or other vehicular use area shall be a minimum of 24’ to a maximum of 35’ wide for 2-way traffic, and a minimum of 12’ to 15’ wide for one-way traffic.
4. Provide a landscape plan showing the size and location of all existing trees to be preserved and any new plant materials to meet the applicable landscaping requirements. Provide the size, caliper and species of the proposed trees on the revised landscape plan. Note that Class A trees have to be a minimum of 10’ to 12’ high & Class B trees have to be a minimum of 5’ to 8’ high after planting. The caliper of Class A trees has to be a minimum of 2½” and the caliper of Class B trees has to be a minimum of 1¼” measured at 1½ feet above the ground.
5. If a dumpster is required, provide the location and the required screening.
6. The property owner shall be responsible for the maintenance and the replacement of the required plant materials.
7. During construction, planting or open ground areas surrounding preserved trees shall be wired off with a properly flagged, reinforced & rolled wire mesh.
8. Provide an exterior lighting plan so all exterior lighting shall be shaded or inwardly directed in such a manner so that no direct lighting or glare is cast beyond the property line. The intensity of such lighting shall not exceed one foot candle as measured at the abutting property line. Outdoor lighting illumination shall follow the recommended guidelines for the luminescence as established in the IESNA Lighting Handbook.

NOTE TO PETITIONER
There is a 10 day appeals period following the Zoning Commission decision. If the request is approved, permits will not be issued until this 10 day period has elapsed. The petitioner shall have one year to obtain the appropriate building permits or occupy the site from the date of approval of the St. Tammany Parish Zoning Commission, unless otherwise stipulated by the St. Tammany Parish Zoning Commission.
