EXISTING LAND USE:
Existing development: Yes
Multi occupancy development: Yes

COMPREHENSIVE PLAN:
Commercial - Sales outlets for goods and services. Several levels or forms of commercial structures include: limited or specialty; neighborhood service centers; generous "highway commercial" uses; offices; public uses; planned mixed commercial and residential centers, and the traditional village or town central business district.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from NC-5 Retail and Service District to A-8 Multiple Family Residential District. This site is located on the south side of LA Highway 22, north of West Causeway Approach, east of Moore Road, west of Dalwill Drive. The 2025 future land use plan calls for the area to be developed with commercial uses. Staff does not see any compelling reason to recommend approval of the request, considering that the A-8 zoning district would create a significant increase of intensity of the uses in the area.

Note that the maximum density under the A-8 zoning district (one unit per fifteen hundred (1,500) square feet of property), would allow for the 1.9 acre site to be developed with a total of 55 units.

STAFF RECOMMENDATION:
The staff recommends that the request for an A-8 Multiple Family Residential District designation be denied.

EXISTING LAND USE:
Existing development: No
Multi occupancy development: Yes

COMPREHENSIVE PLAN:
Residential - Areas that provide for dwelling units. Such areas may vary in site design, structure design, and in the density of units per acre. Certain areas such as "village or town residential" may include mixed uses and would have the highest number of units per acre, while "Rural residential" would have the lowest number of units per acre, and may include agricultural or open space uses as well. In between these two types of residential areas would be varying levels of single-family detached dwellings, multi-family attached residential, and planned subdivisions for manufactured homes.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from A-3 Suburban District to A-3 Suburban District & MHO Manufactured Housing Overlay. This site is located at the on the south side of West Jefferson Street, east of North 24th Street, west of North 23rd Street, being lot 20, Square 157, Lacombe Park Subdivision. The 2025 future land use plan calls for the area to be developed with residential uses including manufactured homes. Staff does not have any objections to the request.

STAFF RECOMMENDATION:
The staff recommends that the request for a MHO Manufactured Housing Overlay designation be approved.
Case No.: 2015-105-ZC

EXISTING LAND USE:

Existing development: Yes  
Multi occupancy development: Yes

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, e.g.) uses, as well as the supporting infrastructure and public services they will require (See “Small Area Plans,” below). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

STAFF COMMENTS:

The petitioner is requesting to change the zoning from PBC-1 Planned Business Center to HC-3 Highway Commercial District. This site is located at the on the east side of Stirling Blvd, south of I-12, north of Brewster Road. The 2025 future land use plan calls for the area to be developed as a planned district with residential uses and conservation areas. The site is currently zoned to be developed with office spaces in campus type setting. Considering the proximity of other commercial uses, staff does not have any objection to the request. Moreover, the 0.15 acre portion of land requested to be rezoned to HC-3 is directly abutting a 3.507 acre parcel that was rezoned to HC-3 (ZC15-09-067) in November 2015.

Note that the RBCO (Regional Business Center Overlay) will remain in effect as it was previously approved under ZC13-08-063.

STAFF RECOMMENDATION:

The staff recommends that the request for a HC-3 Highway Commercial District designation be approved.
Case No.: 2015-122-ZC

PETITIONER: Maurmont Properties LLC - Mark Salvetti

OWNER: Maurmont Properties LLC

REQUESTED CHANGE: From PBC-1 Planned Business Center to HC-3 Highway Commercial District

LOCATION: Parcel located on the east side of Stirling Blvd, south of I-12, north of Brewster Road; S47, T7S, R11E; Ward 1, District 1

SIZE: 0.15 acre
LEGAL DESCRIPTION:

A certain portion of ground or tract of land containing 0.148 acres or 6,427 square feet being a portion of “MAURMONT PROPERTIES, LLC. TO BE RE-ZONED FROM PBC-1 TO HC-3,” located in Section 47 Township 7 South, Range 11 East, St. Tammany Parish, Louisiana and being more fully described as follows:

Commencing at a point being the intersection of the northerly right of way line of East Brewster Road and the easterly right of way line of Stirling Boulevard, said point being the “POINT OF COMMENCEMENT”;

Then, continuing along the easterly right of way line of Stirling Boulevard, North 44 degrees 56 minutes 10 seconds East a distance of 72.62 feet to a point;

Then, North 00 degrees 58 minutes 37 seconds East a distance of 642.75 feet to a point;

Then, departing the easterly right of way line of Stirling Boulevard, North 89 degrees 45 minutes 39 seconds East a distance of 199.19 feet to a point, said point being the “POINT OF BEGINNING”;

Then, North 00 degrees 23 minutes 33 seconds East a distance of 26.88 feet to a point;

Then, South 89 degrees 35 minutes 38 seconds East a distance of 252.87 feet to a point;

Then, South 00 degrees 14 minutes 21 seconds East a distance of 24.03 feet to a point;

Then, South 89 degrees 45 minutes 39 seconds East a distance of 252.65 feet to the “POINT OF BEGINNING.”

STAFF COMMENTS:

The petitioner is requesting to change the zoning from NC-5 Retail and Service District to HC-2 Highway Commercial District. This site is located on the south side of East Brewster Road, across from Stirling Blvd. The 2025 future land use plan calls for the area to be developed as a planned district with residential uses and conservation areas. Staff does not have any objection to the request considering the parcel is located in close proximity to some existing high intensity commercial uses and that the parcels of land located across from the site are zoned HC-3 Highway Commercial District & PBC-1 Planned Business Center.

Note that the RBCO (Regional Business Center Overlay) will remain in effect as it was previously approved under ZC13-08-063.

STAFF RECOMMENDATION:

The staff recommends that the request for a HC-2 Highway Commercial District designation be approved.

EXISTING LAND USE:
Existing development: No
Multi occupancy development: Yes

COMPREHENSIVE PLAN:

Planned Districts - Coordinated development on several parcels, usually at a higher density – but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, e.g.) uses, as well as the supporting infrastructure and public services they will require (See "Small Area Plans," below). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

STAFF COMMENTS:
The petitioner is requesting to change the zoning from NC-4 Neighborhood Institutional District to A-4A Single-Family Residential District. This site is located on the south side of Maison du Lac Blvd, west of LA Highway 1085. The 2025 future land use plan calls for the area to be developed as a planned district with residential uses and conservation areas. The zoning change is being requested to allow for the addition of garden homes to the abutting Maison du Lac PUD. Staff does not have any objection to the request considering that the site is directly abutting some existing residential uses, at a similar density.

Note that a request for a PUD Planned Unit Development Overlay has also been submitted for the site (ZCOO-03-020)

STAFF RECOMMENDATION:
The staff recommends that the request for an A-4A Single-Family Residential District designation be approved.

EXISTING LAND USE:
Existing development: Yes  Multi occupancy development: Yes

COMPREHENSIVE PLAN:
Planned Districts - Coordinated development on several parcels, usually at a higher density - but not in all cases - than other parcels in the proximity, planned in an integrated fashion as single units including residential, commercial and possibly other (institutional, recreational, e.g.) uses, as well as the supporting infrastructure and public services they will require (See "Small Area Plans," below). Generally, such developments improve environmental qualities, preserve natural environments, provide for open space and recreational uses, and for residential as well as commercial uses, and are equipped with central utility systems and efficient and effective internal and external transportation access in multiple modes.

Single Family Residential – Conservation - These planned districts would include clustered single family residential uses, at a density – within the overall tract – which is similar to that of adjoining residential uses, and conservation areas, following a Small Area Plan, and providing for balance, compatibility and integration of uses and all supporting infrastructure. Such individual Planned Residential – Conservation developments should aim to achieve contiguity among adjoining conservation areas in adjacent developments.

STAFF COMMENTS:
The site was originally approved to be developed as a residential age restricted Planned Unit Development subdivision in April 2000. Subsequently, a major amendment to the PUD was submitted and approved in February 2008, consisting of an addition of 28 garden homes and a change in use of a phase of the development from a 60 unit assisted living facility to a 32 unit condominium development.

The proposed amendments now consists of an addition to the subdivision and a change of some of the approved uses within the PUD (Planned Unit Development Overlay).

The first request consist of, an addition of a 8.892 acre parcel of land, proposed to be developed with 43 garden homes sites, and an addition of 7 garden homes sites within the existing boundary of the Maison du Lac Subdivision. The proposed units are proposed to be added to an existing phase of the subdivision, already developed with garden homes. The access would be provided from the existing streets located within Maison du Lac Subdivision. Note that a zoning change request to A-4A (2015-132-ZC) has been submitted to establish the underlying zoning of the proposed 8.892 acre parcel addition to the PUD.
The second request consists of a change in use of lots CH-1-A & CH-1-B, located in the center of the subdivision (see attached originally approved plan). The site, originally approved to be developed with condominiums is now proposed to be developed with 36 single family residential lots of a minimum size of 65’ X 120’ (see attached plan).

The third request consists of a change in use of Parcel 4B from a 7.15 acre greenspace area to be developed with commercial uses. The permitted uses of the site would be limited to: mid-rise office and residential buildings, hotels, motels, convention centers, college, universities, public utility facilities, parking lots and deck, free standing restaurant (no drive thru), mixed use centers including residential, restaurants & retail uses not exceeding 20% of the developed floor of any structures, assisted living & senior care living. The minimum setbacks, maximum height, signage, landscaping, lighting and parking requirements are provided as required (see attached).

DENSITY

As required under Section 6.0103 A.A of the Planned Unit Development Overlay, the net density shall be provided, based upon the underlying zoning classification, utilizing the formula (Total Area x .75 = ______ x maximum net density = ______ lots (units)), or the number of lots/units may be established by a yield plan.

The gross density of the addition of the 8.892 acre parcel of land, is at 6 units per acre based on the proposed underlying zoning of A-4A, which would allow for a total of 52 units. Based on the yield plan submitted (see attached) the net density would allow for 46 lots/units. The proposal is for 43 lots excluding the additional proposed 7 garden home lots to be located within the existing boundaries of the PUD.

GREENSPACE

A total of 46.75 acres (29.36%) of greenspace is proposed to be provided, including 1% dedicated to active recreation and 28.36% dedicated to passive recreation. The existing active amenity consists of a playground for children, located in close proximity to the main entrance to the subdivision. As passive amenities, parks, lakes and an observation deck are provided throughout the subdivision. The previously approved plan indicated that additional passive & active amenities would be provided consisting of a walking path, a clubhouse for various activities, a putting green, a bocce court, a horse shoes court and a swimming pool. Considering the size of the subdivision, staff feels that additional amenities should be provided, as originally proposed.

COMPREHENSIVE PLAN ANALYSIS

The 2025 future land use plan calls for the site to be developed as a planned district with residential uses and uses that would allow for the preservation of the natural environment. The proposed PUD meets the objectives of the designations, considering that the site is proposed to include some conservation area, and to be developed with a commercial site and some residential uses at a variety of densities.

STAFF RECOMMENDATION:

Staff recommends that the request for the addition of 8.892 acres to the site to be developed with garden homes and the additional 7 garden home sites proposed to be located within the existing boundaries of the subdivision be approved.

Staff is not completely opposed to the requested major amendments to the PUD; however, would recommend postponing for several reasons. There is a concern regarding the high intensity of the proposed commercial uses on Parcel 4B, for the area and that, for the most part, the uses would be permitted on sites of minimum of 10 acres.

There is also a concern regarding the proposed addition of the 36 single family residential lots on Lots CH-1-A & CH-1-B, which appears to result in a complete removal of some of the previously approved active and passive recreational amenities. As shown on the previously approved plan, the parcels in question would allow for a walking path, a connecting walkway bridge over the lake, a clubhouse for various activities and swimming pools. Staff feels that additional passive and active amenities should be provided considering that one of the objectives of the PUD is to provide functional and beneficial uses of open space.

   - FOR 40' x 100' LOTS: FRONT = 15', SIDE 0' & 5', AND REAR = 5' (SEE DETAIL)
   - FOR LOTS #1-21: FRONT = 15', SIDE 0' & 5', AND REAR = 5' (SEE DETAIL)
   - FOR 55' x 120' LOTS: FRONT & REAR = 15', SIDE = 5'
   - FOR 60' x 120' LOTS: FRONT & REAR = 15', SIDE = 5'
   - FOR 65' x 120' LOTS: FRONT & REAR = 15', SIDE = 5'
   - FOR 70' x 120' LOTS: FRONT & REAR = 15', SIDE = 5' (SEE DETAIL)

J) A 10' UTILITY EASEMENT FRONTS ALL LOTS.

K) ALL LAKES, ROADWAYS, MEDIANS & GREEN SPACES WILL BE MAINTAINED BY THE MAISON DU LAC HOMEOWNERS ASSOCIATION.

L) OPERATING COSTS AND MAINTENANCE COST FOR STREET LIGHTING WILL BE THE RESPONSIBILITY OF THE MAISON DU LAC HOMEOWNERS ASSOCIATION.

M) ALL BUILDINGS AND HOMES WILL ADHERE TO THE PARISH GUIDELINES FOR THE MAXIMUM HEIGHT.

N) NO MOBILE HOMES WILL BE PERMITTED IN THIS SUBDIVISION.

O) ACCESSORY BUILDINGS WITH A SIZE OF LESS THAN 5% OF THE AREA OF THE LOT ON WHICH THE MAIN BUILDING IS SITUATED MAY BE LOCATED FIVE (5) FEET FROM THE NEAREST INTERIOR SIDE AND REAR LOT LINES PROVIDED THE BUILDING LENGTH DOES NOT EXCEED THIRTY (30) FEET, THE BUILDING HEIGHT DOES NOT EXCEED NINETEEN (19') FEET

NO DEDICATION

The indication of the streets and roadways on this plat is not intended as a dedication to the Parish of St. Tammany, the State of Louisiana or the public in general, of streets and roadways; the area shown as streets and roadways shall be defined to constitute only a servitude of passage for the lesser, invitees and occupants of lots in the subdivision. The fee title to such area shall belong to the developer, his successors and assigns.
Parcel 4B

Permitted Uses:
1. Mid-rise office and residential buildings; 2. Hotels, Motels and Convention Centers; 3. College, Universities, and Research Centers; 4. Public Utility Facilities; 5. Parking lots and decks; 6. Freestanding Restaurants (no drive through service permitted); 7. Mixed use centers, including residential, restaurants and retail uses provided they do not exceed 20 percent of the developed floor area of any structures located within the Parcel; 8. Assisted Living, Senior Care Living.

Minimum Area Regulations:
1. Street Planting Areas — All areas along the street(s) or road (or roads) which a property abuts shall comply with the standards of the St. Tammany Parish Regulation in effect at the time of constructions.
2. Side and Rear planting areas — All areas located along the side and rear interior property lines shall comply with the St. Tammany Parish Regulation in effect at the time of constructions.

Maximum Lot Coverage:
The lot coverage of all principal and accessory buildings on a zoning lot shall not exceed (50) percent of the total area of the lot. However, parking and landscape requirements for the intended use must be met in all instances. Therefore, maximum lot coverage may in some cases be less.

Height Regulations:
No building or dwelling for residential or business purposes shall exceed seventy-five (75) feet in height above the natural grade of the property at the location of the structure or base flood elevation as established in Flood Ordinance 791, whichever is greater.

Design criteria:
1. Landscaping — All Landscaping shall be in compliance with the provisions of the St. Tammany Parish Regulation in effect at the time of constructions.
2. Signage — All signage shall be in compliance with the St. Tammany Parish Regulation in effect at the time of construction.
3. Lighting — All site lighting shall be in compliance with the St. Tammany Parish Regulation in effect at the time of constructions.
4. Parking/Loading — All parking and loading will have a minimum of 1 spot for every 4 units.

RE: Major Amendment to the Planned Unit Development — Maison Du Lac

Dear Helen,

WBB Realty L.L.C., owner of Maison Du Lac subdivision, hereby requests a major amendment to the PUD in order to:

1) Change the use of Parcel 4B, Exhibit “A”, from its current use to Maison Du Lac Medical and Office with the permitted uses and site plan requirements set forth below;

2) To add Parcel 15, Exhibit “B”, to the Maison Du Lac PUD and create an additional 43 Garden Home Lots;

3) Change the use of Lot CH-1-A & CH-1-B to Maison Du Lac Single Family Residential (Exhibit “C”)

4) Resubdivision of South Buffer, Exhibit “D”, to add an additional 7 Garden Home lots (Lots 1-7 on Rue Petite)

Parcel 4B

WBB Realty, L.L.C. proposes the following permitted uses and site plan requirements for Parcel 4B:

Permitted Uses:

1. Mid-rise office and residential buildings; 2. Hotels, Motels and Convention Centers; 3. College, Universities, and Research Centers; 4. Public Utility Facilities; 5. Parking lots and decks; 6. Freestanding Restaurants (no drive through service permitted); 7. Mixed use centers, including residential, restaurants and retail uses provided they do not exceed 20 percent of the developed floor area of any structures located within the Parcel; 8. Assisted Living, Senior Care Living.
Minimum Area Regulations:

1. Street Planting Areas — All areas along the street(s) or road (or roads) which a property abuts shall comply with the standards of the St. Tammany Parish Regulation in effect at the time of constructions.

2. Side and Rear planting areas — All areas located along the side and rear interior property lines shall comply with the St. Tammany Parish Regulation in effect at the time of constructions.

Maximum Lot Coverage:

The lot coverage of all principal and accessory buildings on a zoning lot shall not exceed (50) percent of the total area of the lot. However, parking and landscape requirements for the intended use must be met in all instances. Therefore, maximum lot coverage may in some cases be less.

Height Regulations:

No building or dwelling for residential or business purposes shall exceed seventy-five (75) feet in height above the natural grade of the property at the location of the structure or base flood elevation as established in Flood Ordinance 791, whichever is greater.

Design criteria:

1. Landscaping - All Landscaping shall be in compliance with the provisions of the St. Tammany Parish Regulation in effect at the time of constructions.

2. Signage - All signage shall be in compliance with the St. Tammany Parish Regulation in effect at the time of construction.

3. Lighting - All site lighting shall be in compliance with the St. Tammany Parish Regulation in effect at the time of constructions.

4. Parking/Loading - All parking and loading will have a minimum of 1 spot for every 4 units.
Parcel 15

WBB Realty, L.L.C. is requesting a major amendment to the PUD Plan for Maison Du Lac subdivision. The modification consists of adding an additional 8.892 acres, Exhibit "B", for the expansion of the existing garden home area. WBB Realty, L.L.C. is proposing to develop an additional 43 Garden Home lots. All of the requirements and standards applicable to the existing Garden Home lots within Maison Du Lac subdivision (setbacks, minimum lot size, etc.) will apply to the additional 43 Garden Home lots.

Lot CH-1-A & CH-1-B

Please find enclosed a revised site plan for Lot CH-1-A & CH-1-B. In pertinent part the plan has been revised as follows:

1. Eliminate the 152 unit Condominiums and replace with 36 single family lots

As you can see from the foregoing, the density units within the project will be reduced dramatically. All of the requirements and standards applicable to the existing standard, single-family residential lots within Maison Du Lac subdivision (setbacks, minimum lot size, etc.) will apply to the additional 36 Courtyard Homes.

Resubdivision of South Buffer

Please find enclosed a revised site plan for the addition of Garden Homes lots 1-7 across from lots 257-264 on Rue Petite.

Taking into account all of the additions stated above, the total area of all greenspaces in Maison Du Lac is roughly 45.29 acres and the total area of the pond is 25.030 acres (Exhibit "E"). The total acreage of Maison Du Lac is 159.2 acres including the addition of Parcel 15. Being that the pond only counts for half the acreage, the total greenspace for Maison Du Lac will be roughly 45.29 acres or 36% of the total land. With all of the changes, Maison Du Lac more than meets the greenspace requirements under the PUD.

Please place this request on the January Zoning Commission Agenda for consideration.

Should you have any questions or require additional information, please let me hear from you.

Sincerely,

Joshua Wainer
