PLEASE NOTE: The animals for adoption here have been examined by our veterinarian and are current on their vaccinations. There are certain risks that you assume when you adopt an animal. Incubation periods for contagious diseases vary from days to weeks. Therefore, problems that were not apparent with the animal when it was adopted could possibly arise later. I understand animals with contagious diseases can possibly infect humans and other pets. ST TAMMANY PARISH DEPARTMENT OF ANIMAL SERVICES DOES NOT GUARANTEE THE HEALTH OR TEMPERAMENT OF ANY ANIMALS ADOPTED. The Parish is fully released from all and all related claims concerning the animal's health. The Parish is also further released from any liability for any loss, personal injury or damage as a result of this animal while under the care of you.

No owner shall fail to provide their animals with sufficient quantities of food and water, proper air, shelter, space and protection from the weather, veterinary care when needed to prevent suffering and humane care and treatment.

It shall be the duty of the owner or keeper of every animal over three months old to register with the St. Tammany Parish Department of Animal Services by the purchase of a license tag. Such license tag shall be dated and indicate the number of the license issued for the animal at the time it is vaccinated by a licensed veterinarian or licensed veterinary technologist with appropriate anti-rabies vaccine at the owner's expense. The license tag shall be fastened to the animal's collar or harness and worn at all times. The license must be renewed no later than one year from the latest vaccination date and no animal shall be vaccinated without the issuance of a license or licensed without a current rabies vaccination.

PLEASE NOTE: It is our shelter policy that if you, the adopter, cannot for any reason keep this animal, it MUST IMMEDIATELY BE RETURNED TO ST TAMMANY PARISH DEPT OF ANIMAL SERVICES for re-adoption evaluation.
